

VILLAGE OF LIBERTYVILLE BOARD OF TRUSTEES

**Meeting of the
Parks and Recreation Committee
Village Hall Meeting Room 2nd Level
118 W. Cook Avenue, Libertyville
Tuesday, July 5, 2016
6:00 pm**

1. Approve Minutes of the June 7, 2016 Meeting
2. Dog Days of Summer Update and Preview
3. Hockey Rink Relocation Update
4. Butler Lake Sunken Garden
5. Other Updates/Follow-up
 - A) Libertyville Senior Center Update (Verbal)
 - B) EAB Progress Update (Verbal)
 - C) Libertyville Golf Course Update (Verbal)
 - D) Libertyville Recreation and Sports Complex Events Schedule (Attached)
 - E) Recreation and Sports Complex Marketing & Publicity (Attached)
 - F) Other
6. Adjournment

Any individual who would like to attend this meeting but because of a disability needs accommodation to participate should contact the ADA Coordinator at 118 West Cook Ave, Libertyville, 847-362-2430.

VILLAGE OF LIBERTYVILLE
Meeting Minutes of the Parks and Recreation Committee
Libertyville Sports Complex
Tuesday, June 7, 2016

Chairman Todd Gaines called the meeting to order at 6:04 p.m. on Tuesday, June 7, 2016. Parks and Recreation Committee members in attendance included Chairman Todd Gaines, Trustees Pete Garrity. Recreation and Sports Complex staff included Director of Recreation and Sports Complex Connie Kowal, Recreation Manager Julie Ludwig, Preschool Director Julie Herchenbach and Administrative Secretary Julie Fanning. Also in attendance included Mayor Terry Weppler, Village Administrator Kevin Bowens, Deputy Village Administrator Kelly Amidei, Director of Finance Patrice Sutton and Superintendent of Parks, Forestry and Grounds Jim Barlow. Trustee Rich Moras was absent from the meeting.

1) Minutes of the Parks and Recreation Committee

Chairman Todd Gaines motioned to approve the Tuesday, May 3, 2016 meeting minutes. Trustee Pete Garrity seconded. Minutes approved.

2) Dog Days of Summer

Event promoter Bill Kaiser was present to update the Committee on the Dog Days of Summer Event. Mr. Kaiser briefed the Committee on the event logistics starting Tuesday, July 5th place the no parking signage, Wednesday, July 6th fill the pool and place barricades at Brainerd, Thursday, July 7th all setup complete and Friday, July 8th place no parking signage from Church to Milwaukee Avenue, Saturday, July 9th blocking all festival roadways for the event. Mayor Weppler added that the vendors have to be pushed back to the curb so emergency response vehicles can access the area. It was also noted that garbage pickup will be first thing Saturday morning. Mr. Kaiser did note that he is working with a group to possibly take over the event. Chairman Gaines thanked Mr. Kaiser for his efforts.

3) Hockey Rink Relocation Update

Village Engineer Fred Chung explained that Adler Park is a feasible location for the hockey rink but the topographical survey indicated that there would have to be five feet of soil to make the area level, therefore the south end will have a four foot retaining wall and the top of the boards will be a grade which is an 8 foot plus drop area. The original request was for three drawings from Gewalt Hamilton for the July meeting that would include 1) former Bolander hockey rink specifications, 2) hockey rink with structural footings and supports, 3) hockey rink with a roof structure.

But as discussion continued by the Committee and Staff, it was decided that due to the overall elevation concern of the hockey rink, the impact of the recreation activities, rentals and school usage of the park, the Committee directed staff for the July meeting to complete 1) basic drawings of the hockey rink at Adler Park including the retaining wall and any examples of other current hockey rinks that were constructed in the same design with an elevation/retaining wall, 2) if the green space west of the Libertyville Sports Complex softball field be used as a potential site for the hockey rink, what parking would be needed to make the Sports Complex whole for overflow parking, 3) sending a letter to the County to discuss the possibility of utilizing County land for a possible hockey rink location.

4) Libertyville Senior Center Update

Director Kowal briefed the Committee on the changes to the Libertyville Senior Center Hours including extended business operational hours, extended lending closet hours and the hiring of a part-time staffer. Staff did post a request for volunteers in the summer Village Views and will be posting the part time staff position. Mayor Weppler noted that many community organizations volunteer numbers have declined.

5) Other Updates

A) Butler Lake Sunken Garden Tribute Dedication

Staff will prepare a plaque design template to be reviewed by the Committee and Staff at the July meeting.

B) EAB Progress Update

Superintendent Barlow noted that the contractor has until the end of August to complete the tree removal tasks. Letters were mailed to approximately 500 residents regarding the trees.

C) Tree Planting Project Update

Superintendent Barlow briefed the Committee that the tree planting renewal contract was extended for an additional year at the same pricing contingent to final Board approval.

D) Libertyville Recreation and Sport Complex Event Schedule

Director Kowal summarized the upcoming schedule of events for the Recreation and Sports Complex Department.

E) Recreation & Sports Complex Marketing & Publicity

Director Kowal highlighted the various marketing and publicity efforts for the department.

A motion to adjourn by Chairman Todd Gaines and seconded by Trustee Pete Garrity.
Meeting adjourned at 8:10 pm.

Respectfully submitted,

Julie Fanning, Administrative Secretary
Recreation and Sports Complex Department
Village of Libertyville

Memorandum

To: Members of the Parks and Recreation Committee

From: Connie Kowal, Director of Recreation and Sports Complex

Date: June 29, 2016

Subject: Dog Days of Summer Update and Preview

The 8th Annual Dog Days of Summer is scheduled to take place in downtown Libertyville July 7-10. Bill Kaiser, promoter of the event for the Village, has indicated that he anticipates another big crowd to attend this fun filled event.

I coordinated operational meetings with Village Department Heads and their staffs on Wed. June 22 to review the logistics and details of the event. Set up is to begin Wednesday morning July 6 and tear down of the event to occur at the conclusion of Sunday afternoon activities.

A review of the finances for the event took place on Tues. June 14 with promoter Kaiser, Finance Director Patrice Sutton and myself. As stated at the Village Board meeting on June 28, Mr. Kaiser projects to have the event break-even or a slight profit. The most recent Revenues-Expenses report is attached.

Also attached is general publicity that appeared in the recent Village Views newsletter.

| Dog Days Revenue | 13-0000-0-645000 DOG DAYS FESTIVAL | BEG. BALA | Running Total |

Annual Water Quality Report

To view the Annual Water Quality Report, please go to www.libertyville.com/2016CCR. This report contains important information about the source and quality of our drinking water. If you would like a paper copy mailed to your home please call the Public Works Department at 847-362-3434.

Vehicle Stickers

It's that time of year to make sure you have your 2016 Vehicle sticker displayed in your vehicle's windshield. Stickers are required for all vehicles registered or housed in the Village. One hundred percent of the vehicle sticker revenue goes to repairing Village streets. Stickers may still be purchased at the Village Hall for \$50. The penalty for not having a vehicle sticker displayed is \$100.

8th Annual Dog Days of Summer

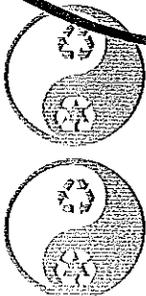

Thursday, July 7th is "Fun Jump Day" from Noon-4pm. Libertyville & local dogs can pay \$10 and have their dog jump for fun. Fifteen "Fun Jump Day" participants will be chosen for the "Local Dog Jumping Competition" held as part of the Opening Ceremonies Friday, July 8th at 6pm.

Libertyville's 8th Annual Dog Days of Summer is proud to feature the "DockDogs National Dog Jumping Competition." Watch as 100 nationally ranked jumping dogs run down a 40 foot dock and jump into a 27,000 gallon pool of water for longest distance. Wayne Messmer will be featured singing the National Anthem at the Opening Ceremonies Friday, July 8th at 6pm at Cook Park in Downtown Libertyville. Mayor Terry Wepler will then throw out the first ball to start the "Local Jumping Competition" where fifteen local dogs compete for the title of "Libertyville's Big Air Dog."

Dog Days of Summer is presented this year by The Village of Libertyville, produced by Bill Kaiser, and sponsored by Green Tree Animal Hospital, Sunset Foods, Petranek's Pharmacy, Veterinary Specialty Center, Pampered Pup'z, Tranel Financial Group and LEE Famous Donuts. For more information visit our facebook page  DogDaysLibertyville or call Bill Kaiser 847-612-1231.

Village opens Electronics Waste Recycling Collection Site

The Village of Libertyville will open an Electronics Waste Recycling Satellite Collection site at the Public Works Department, located at 600 North Ave. The site will be open on Saturday mornings from 8 AM to noon, starting Saturday, June 4 and running until Saturday, November 19, 2016. The collection site will be limited to Libertyville residents only, and will accept televisions, computers, monitors, printers, stereos, etc. (a list of acceptable and not acceptable items is available at www.libertyville.com). Residents will be responsible for unloading their own items at the collection site.

Memorandum

To: Members of the Parks and Recreation Committee

From: Connie Kowal, Director of Recreation and Sports Complex

Date: June 29, 2016

Subject: Hockey Rink Relocation Update

Per the discussion and direction of the Parks & Recreation Committee at their June 7, 2016 meeting, Staff has put together a sketch of what the look would be if the Bolander Hockey Rink is relocated to Adler Park at the 'northwest' site. The sketch was developed by Fred Chung of the Village's Public Works Engineering Division.

Fred Chung will be attending the Tuesday July 5 Committee meeting to further explain the sketch and answer questions pertaining to the construction at this Adler Park site.

Also, per the direction of the Committee, Fred Chung developed a drawing to show the layout of a hockey rink at the Libertyville Sports Complex (LSC) on a grass area adjacent to the existing Softball Field at the LSC. This grass area is designated for parking lot usage with approximately 74 parking spots to be created if/as needed at the LSC. Attach is a memo from Economic Development Director John Spoden pertaining to required steps if changes to the existing Special Use Permit and Planned Development of the Libertyville Sports Complex.

Also attached is previously submitted information pertaining to the relocation of the Bolander Hockey Rink.

RE: Bolander Hockey Rink Relocation sketches

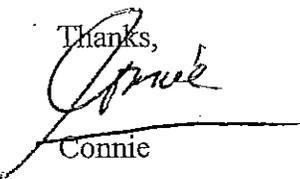

CC: Fred Chung
Paul Kendzior

Attached is a sketch put together by Fred Chung for you to review to give a perspective of the elevation adjustments for the relocation of the Bolander Hockey Rink to the Adler Park preferred site. Fred was able to do this illustration in-house rather than the expense that would be required from Gewalt Hamilton or 3D Design Group.

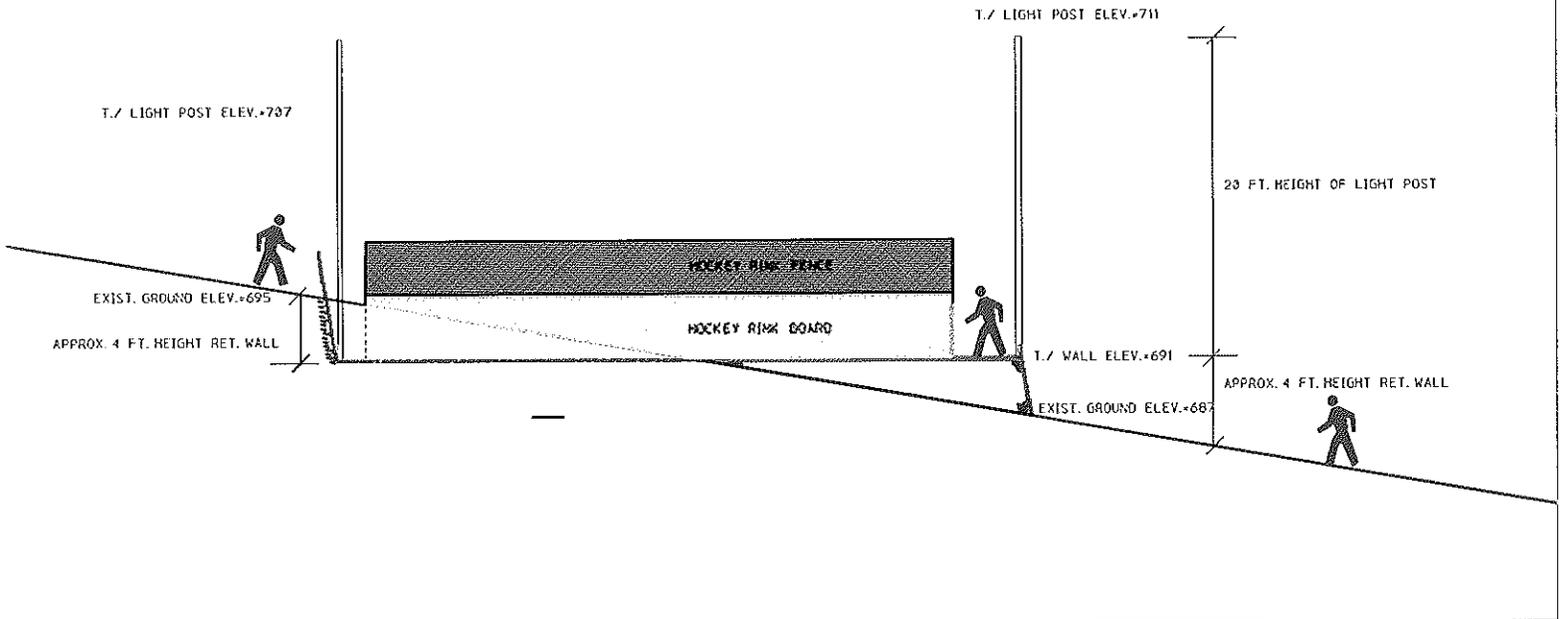

Also attached is a layout of the hockey rink at the grass parking lot area of the Libertyville Sports Complex, adjacent to the Softball Field.

Please review and let's discuss at your convenience to determine these documents, and others, to include for the Agenda for the July 5 Parks & Recreation Committee meeting packet for the Bolander Hockey Rink Relocation agenda item.

Thanks,

Connie

Subject: Sports Complex

Kevin:

The Sports Complex was developed under a Special Use Permit and Planned Development. The final plans included the land-banked parking area which is to be preserved as landscaped open space. (This is not listed as a specific condition as it is outlined in the parking section of the Zoning Code.)

If the proposal is to eliminate the land-banked parking area and construct a use that would also generate the need for parking, it would require a major adjustment to the Planned Development. The Village Board would determine if it would require the review and recommendation of the Plan Commission. As it would be replacing potential parking with a use that would generate additional parking needs, our Staff recommendation would be to send it to the Plan Commission for hearing. At that point we would probably have to update the parking study for the site to determine if the new use could operate without being a detriment to the Sports Complex parking, and address whether that the loss of the land-banked parking would have an effect on the Complex uses.

Long answer for a short question!

John

Memorandum

To: Members of the Parks and Recreation Committee and Advisory Commission

From: Connie Kowal, Director of Recreation and Sports Complex

Subject: Bolander Hockey Rink Relocation Project

Staff has reviewed and discussed several locations and options for the relocation of the Bolander Hockey Rink, which is part of the overall relocation and transition of staff, offices, storage, programming and facilities that are needed as part of the sale of the Bolander property.

Staff has provided details to the Committee on a continuing basis as to the study, options, and steps needed for the relocation of the Bolander Hockey rink. Staff has also met with Libertyville hockey enthusiasts on several occasions, with periodic phone, email and on-site observations as to this topic.

As a review, some summary information is listed below.

1) Preparation, Usage & Users – Winter Months and “Warm Months”

- o The Hockey Rink is generally used for Ice Hockey starting the first week of December when our Parks Division Staff prepares the rink for use and the ‘ice season’ generally concludes mid-February. Our Parks Division Staff maintains the ice hockey rink Monday thru Friday for approximately 3 hours per day, but not on the weekends. During the ‘warm weather’ months, there is no maintenance by our Parks Division. Attached are some of the maintenance costs as provided by our Parks Division.
- o Over the past 5 years, the number of days that have been ‘usable ice’ for ice hockey to be played were approximately:
 - 2010-2011: 30 days
 - 2011-2012: 5 days
 - 2012-2013: 25 days
 - 2013-2014: 50 days
 - 2014-2015: 30 days
- o During the warm months, generally March through November, the hockey rink becomes a ‘roller hockey surface’ on the asphalt surface. During these warm months, use of the hockey rink is steady, depending upon the heat, rain and other weather conditions.
- o Our informal surveying of the users has found that 50% of the users are Libertyville residents, the other 50% are from various locations primarily in Lake County.
- o Libertyville resident hockey enthusiasts (and non-Libertyville residents) have given their opinions and desires as to the need and the use of the Hockey Rink to warrant the consideration of relocation of the Hockey Rink to another Libertyville location, as well as

their participation in the maintenance of the Hockey Rink to abet the efforts of our Parks Division, particularly on the weekends, or later in the day on weekdays.

- 2) If relocation is considered and desired, attached are various background information pieces that give summaries of relocation options, which also include photos, costs, and other pertinent factors to be considered.

Staff has identified that two of our Libertyville Parks are potential locations and reviewed several options

- 1) Adler Park--5 locations (see attached)
- 2) Butler Lake Park--2 locations (see attached)

General, estimated costs for this relocation are in the \$239,377-\$275,864 range. These costs will be further reviewed as each site has potential unique circumstances as to key elements such as water & electric sources, grading & clearance of land, storage for maintenance equipment and other to be discovered details. Capital monies of \$250,000 are budgeted for the Bolander Hockey Rink relocation in '15-16.

Staff has narrowed options to the following:

Adler Park:

The "Northwest" option (pros and cons of this option are attached)

Butler Lake Park:

The "South" option (pros and cons of this option are attached)

Staff looks to discuss these options with the Committee to gain their insight and direction and to discuss the nuances of these sites.

MAINTENANCE COST FOR BOLANDER RINK

| 2014-15 Bolander Ice Rink Costs | | 2013-14 Bolander Ice Rink Costs | | 2011-12 Bolander Ice Rink Costs | | 2010-11 Bolander Ice Rink Costs | |

Average Cost to Maintain the Bolander Ice Rink for these 4 years is estimated at \$13,722

Bolander Hockey Rink Relocation Top Two Options

Pros, Cons, Comparable Factors and Other Points:

- Adler Park "Northwest" location
- Butler Lake Park "South" location

Adler Park "Northwest"

Advantages

1) Current Usage of Adler Park

- During the winter months, Adler Park current has winter sports/activities with the ice skating surface, sledding hill, and other snow related activities, 'electives' for Libertyville residents, and non-resident visitors to the Village. There are no Recreation Department Winter programs currently in the Village portfolio. There is the operation of the Adler Lodge concession stand and inside warming area that is staffed by our Recreation Department on weekends when there is at least 3" of snow on the ground.
- During the non-winter months and summer months, there are multiple uses of Adler Park, Pool and Lodge. We operate our Summer Day Camp for kids and our Adler Pool. There would be needed adjustments (see Challenges, below).

2) Utilities

- The area should have easier connection points for water and electricity for the operations needed for the winter maintenance.

3) Parking

- Existing Parking Lot. During the winter months, lot is used by winter users (see above). During the summer months, parking lot is used by a variety of users including our Summer Day Camp program, our Bike Re-Sale Event, our Lunch with the Bunny Event, our Mother-Son Campfire Cookout Event, Rental use of Adler Lodge, Rental Use of Pavilion, Disc Golf users, nature-walking-outdoor enthusiasts

4) Storage of Equipment

- Parks Maintenance plans to use existing garage storage area at Adler Lodge, as well as storage area in Swimming Pool maintenance storage area for equipment and supplies for winter.

5) Maintenance Staff

- Parks Division Maintenance Staff, particularly during the summer months, does regular 'rounds' at Adler Park in their grounds maintenance of the Park, Lodge and Pool.

6) Lights

- Lights have been used at Adler Park, though limited, for Swimming Pool and for nighttime ice skating at Adler Lodge. Minimal neighborhood impact, though neighbors would need to be appraised and informed prior to the project.

7) Programming

- An opportunity to develop programming in the hockey rink area for ice hockey, roller hockey, soccer, kickball, etc. that can become a revenue opportunity for the Recreation Department and/or for the Summer Camp participants.

Challenges

1) Summer Usage

- The introduction of warm weather roller hockey will be an adjustment for the regular users of Adler Park

2) Aesthetics-Trees and Look of Adler Park

- Boards and Lights near the parkway will add a different 'look' to Adler Park forestal look
- Loss of trees. However, Parks Division staff has advised that some of these trees are not 'savable' longterm.

3) Parking Lot

- Summer use of parking spaces will add to the current usage by our Swimming Pool customers and Summer Usage customers (see above). Might need to consider some restricted or regulated times of use for hockey.

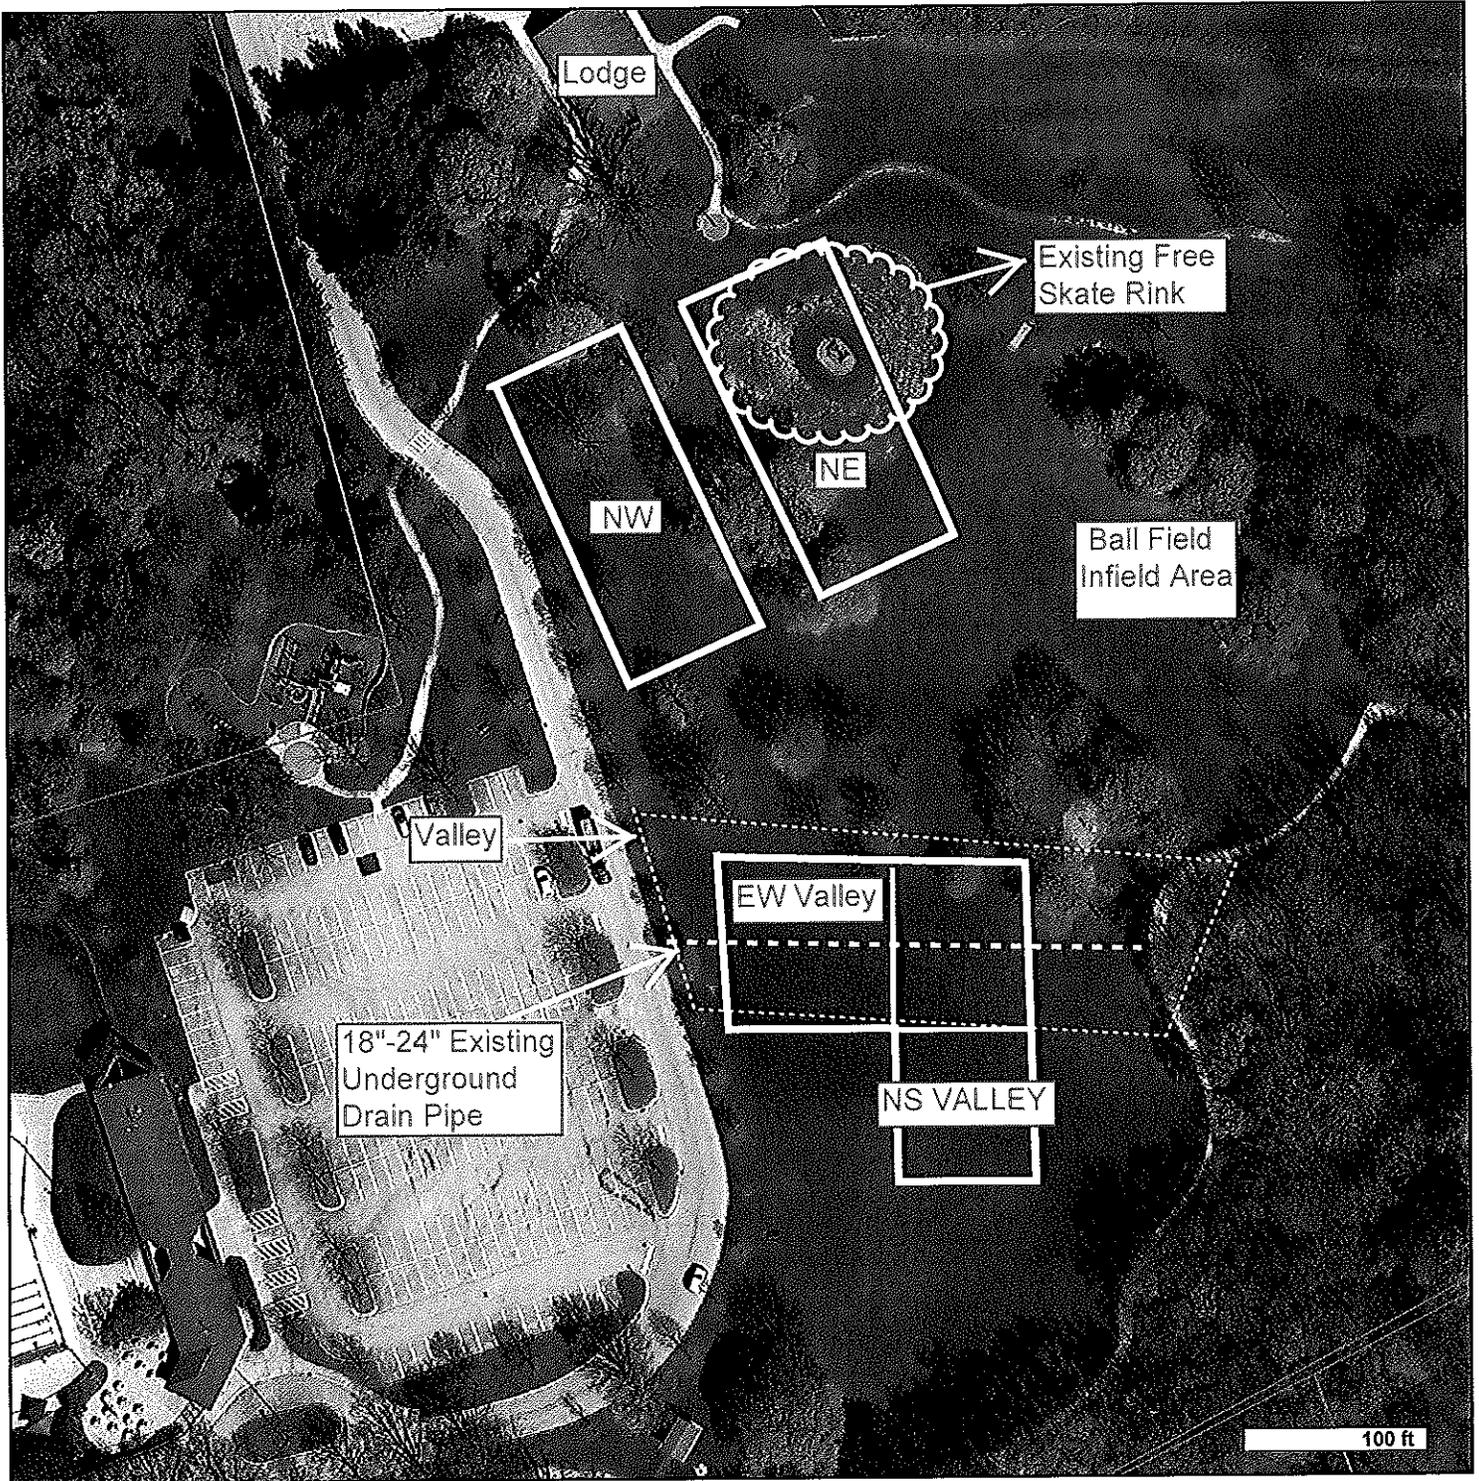

4) Adjustments for Village Business Operations

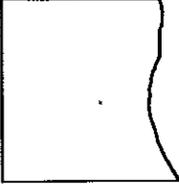

- Village Recreation Department business operations for Summer Usage (see above) might have to be adjusted, particularly for Summer Day Camp

5) Conflicts with other Uses

- Adjustments will need to be made for Events (Cross Country meets), Rental Events (company parties under the Trees), and other events (probably not Softball or Disc Golf)

Butler Lake Park "South"

Advantages

- 1) Current Usage as Athletics-Sports Campus
 - Butler Lake Park is current home for sports such as Baseball, Football, Softball, Hockey Rink would add to the sports presence.
- 2) Utilities
 - Water and Electric should be at Butler Lake for current existing uses, but unknown as to ease/location of access points
- 3) Parking
 - Existing Parking Lot adjacent to the Lagoon-Band Shell area. Primarily used by fishing enthusiasts and if needed, overflow for baseball games.
- 4) Maintenance Staff
 - Parks Division currently does 'rounds' cleaning public washroom in the 'Rotary Building' adjacent to the Football Fields Monday-Friday & Sunday. And in our new Lease Agreement, we will be cleaning the washroom at the Little League 'Majors Field'. So Monday-Friday winter maintenance of the ice hockey rink will be part of the 'rounds' at Butler
- 5) Lights
 - Lights are currently used at Butler Lake for sports events, generally from April to August for Baseball, July-November for Football, and April-October for our Recreation Department offerings of Softball and Kickball at Odom Field. Minimal neighborhood impact, particularly during the months listed above, but new to the months of Dec-March. Neighbors would need to be appraised and informed prior to project.
- 6) Programming
 - An opportunity to develop programming in the ice hockey rink area for ice hockey, roller hockey, soccer, kickball, etc. that can become a revenue opportunity for Recreation-LSC Department events, activities, special events.
- 7) Impact on Village Business Operations
 - None; other than our Adult Softball & Kickball Leagues at Odom Field, there are no other Recreation-LSC Department offerings at the Butler Lake Campus
 - Only sanctioned Village event is 4th of July Fireworks Show. However, people would be able to sit inside the hockey rink to picnic, party, use for fun, and watch the fireworks. Minimal usage of this area occurs during the summer months.

Challenges

- 1) Maintenance Storage
 - Maintenance storage-shed of winter time equipment would need to be created for ice hockey maintenance.
- 2) Water and Electric

- Water and electric sources are at Butler but proximity is unknown until further studied as to logistics and costs.

3) Parking Spots

- While generally a max of 15 or so cars congregate for hockey users, summertime overflow of Little League baseball usage might occur

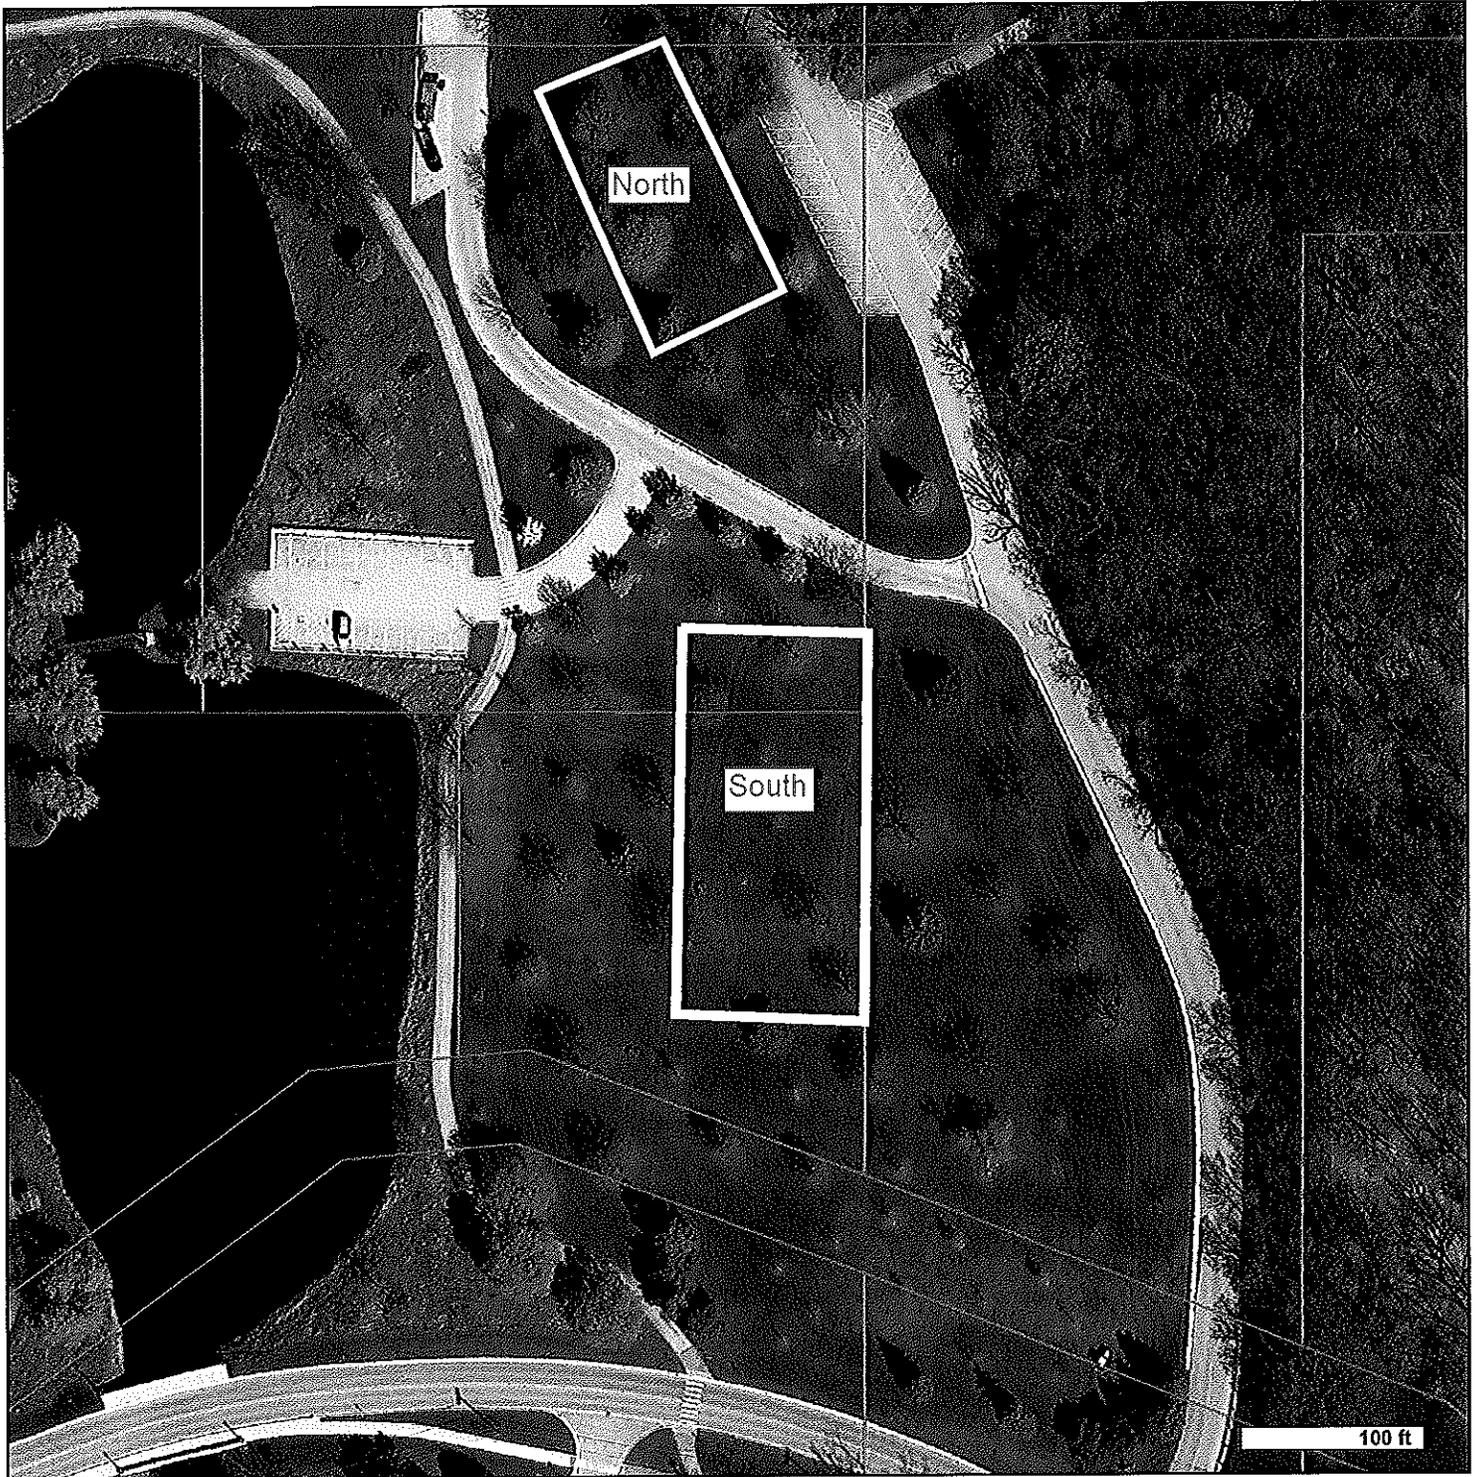

4) Aesthetics-Trees and the Look of Butler Lake

- Removal of some trees will be needed and the entry look of Butler Lake will have a different look from entry as well as from Lake Street

5) Floodway, Floodplain

- The Butler Lake property is in a Floodway. As such, there would be extensive engineering studies, as well as an approval process. This could take time and money. The time might be worth the wait if a desired outcome of a long term site. Monies might not be worth the risk of the results and the wait.

Butler Lake Park Option

BACKGROUND
INFO

March 3, 2015

TO: Kevin Bowens
FR: Connie Kowal
RE: Bolander Park-Hockey Rink Relocation Project Update

I have identified six (6) potential locations for the relocation of the Bolander Hockey Rink:

- 1) Adler Park-4 locations (see attached)
- 2) Butler Lake Park 2 locations (see attached)

These options were selected after a thorough review of available park space for a Hockey Rink relocation factoring in a variety of conditions, requirements and obstacles. I included in this relocation project Jim Barlow and David Thornborough of the Parks Division for their expertise of the parks and open space available. Also, their Division handles the daily maintenance of the current Bolander Hockey Rink (all year, winter and non-ice periods of use), as well as the ice skating ponds that are prepared and maintained during the winter.

Also, I had discussions with the Hockey Supporters group. Besides several small group sessions, I also conducted an in-depth fact-sharing, idea sharing meeting which took place at the Bolander Conference Room in February of 2013. NOTE: As a result of these discussions, Adler Park was singled out as the best, only option at that time. Since that time, I've introduced the Butler Lake location option to you, Staff, and the Recreation Committee, but not formally to the Hockey Group, or to the Little League Baseball or Boys Club Football organizations who use our Butler Lake property for their leagues.

3D Design Group was assigned the task of providing us with some preliminary estimates as to potential costs for the six (6) locations.

Cost estimates and maps of each location are attached for the 4 Adler Park sites and the 2 Butler Lake Park sites. Non-asphalt based pricing for the 6 sites is in the \$239,337 to the \$275,864 price range. These prices, while estimates, also need to consider access to water and electric sources, as well as storage for equipment needed to maintain the Rink.

Also attached are the Pros and Cons submitted to me by our Parks Division (Jim & David T) to gain their input as to maintenance, upkeep and fulfillment as they will be the ones to handle the daily maintenance, equipment needs, manpower needed, etc.

I also sought the input from Julie Ludwig as she operates the programs, events and activities at Adler Park that would be affected if the relocation were to occur at Adler Park with our Summer Day Camp, special events and other current offerings in our Department. Also, our Swimming Pool operations at Adler Park Pool were considered as well.

Narrative of Relocation sites for Hockey Rink

Butler Lake Park

South Option

- Choice #1. Location has least amount of large tree impact. Space is not used for any activities or Rentals, with exception of grass seating for 4th of July Fireworks Show (see Butler Lake Park Location #1 above). Parking lot that is most conducive to Hockey Rink usage would be the parking lot closest to the Lake that leads to the Band Shell-island that is primarily used for fishing enthusiasts.

North Option

- Choice #2. Good location but would need some removal of large trees. Space is not used for any activities or Rentals, with the exception of grass seating for 4th of July Fireworks Show. But a Hockey Rink would still provide ground for seating and full view of Fireworks, just an enclosed area. Adjacent parking lot has XX parking spots to accommodate the maximum hockey crowd that can participate at one time (30?). Parking for Baseball games in Spring-Summer could be an issue on some days, and Parking for Football practices and games in Summer-Fall could be an issue some days.

Adler Park

North-South option

- Choice #3. Same rationale as East-West option but distance from road will prevent people hanging out too close to the road.

East-West option

- Choice #4. Distance from the Adler Lodge area allows Recreation Programs to have uninterrupted operations. Parking lot usage would be devoted to the Adler Pool Parking Lot which could be issues on big, busy summer days from Memorial Day to Labor Day for 'rollerblade' hockey users-a busy season for summer hockey-enthusiasts. Parking lot is used for Snow Piling by PW in their pursuit to find a place to dump snow

Northwest option

- Choice #5. While this location is just west of location #1, same issues but not as intense as Location #1. Removal of trees to fit the rink in this location. This area is a key area for shade for Summer Day Camp programs and Rental Usage.

Northeast option

- Choice #6. Least desirable location due to the fact that a permanent hockey rink will disrupt the operations of the Summer Day Camps that use this greenspace for this annual summer program. Parking and 'cross-over' of users when park is used by Summer Day Camp or the Rental of the Park, Adler Lodge, etc. makes parking tricky. Location is good for electric and lights, etc. as well as contiguous with the other 'winter' offerings of sledding hill and Adler Lodge (when open for concessions and washrooms). Location hinders/eliminates softball field-soccer playing area, disc golf and multi-purpose use for residents, visitors, and rental opportunities. Annual Lunch with the Bunny Easter Egg Hunt location is currently using this area of Adler, as is Annual Mother-Son Campfire Cookout.

Also factored into the equation were the Rentals of Adler Park for private and family picnics, Disc Golf usage and the casual recreation of residents and non-residents.

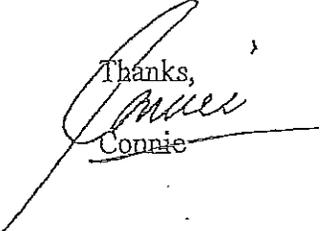

Also, Lights are currently in use at Butler Lake with Athletic teams using the property during the Summer months; Winter months would be a new variable with the Neighbors. Lights are currently in use at the Swimming Pool during the Summer and lights are used, to a smaller extent in the winter months, at the sledding hill, but Hockey Lights still might have impact on Neighbors due to the extra illumination all 12 months of the year.

Therefore, in order of Preferred Relocation of Bolander Hockey Rink:

- | | |
|----------------------------------|-----------|
| 1) Butler Lake-South option | \$246,486 |
| 2) Butler Lake-North option | \$275,864 |
| 3) Adler Park-North/South option | \$255,496 |
| 4) Adler Park-East/West option | \$259,022 |
| 5) Adler Park-Northwest option | \$239,377 |
| 6) Adler Park-Northeast option | \$244,414 |

See attached worksheet narrative as to each location for review and discussion.

Thanks,

Connie

Memorandum

To: Members of the Parks and Recreation Committee

From: Connie Kowal, Director of Recreation and Sports Complex

Date: June 29, 2016

Subject: Butler Lake Sunken Garden Dedication

Staff has taken the steps of giving recognition to the late Valerie Carlson for her efforts in maintaining and beautifying the Sunken Garden area at Butler Lake Park. Ms. Carlson, a Libertyville resident from 1958-2015, took great pride in maintaining the Sunken Garden area from 1998 until she passed away in February of 2015.

The drinking fountain at the Sunken Garden will be replaced in August 2016, upon completion the plaque will be unveiled in ceremonies at a to be determined date so that the Carlson Family will be in attendance with Village officials.

See attached wording for recognition plaque for Ms. Carlson.

Recognition Plaque at Butler Lake Sunken Garden for Valerie Carlson

Valerie Carlson

1935-2015

Libertyville resident 1958-2015

The Sunken Garden at Butler Lake Park was maintained and nurtured by Libertyville resident Valerie Carlson from 2008-2015. Valerie's efforts helped make the Sunken Garden a special place in Libertyville for all to enjoy.

Fireworks Safety

Fireworks are often used to mark special events and holidays. However, fireworks are not safe in the hands of consumers. Fireworks cause thousands of burns and eye injuries each year. In Illinois the following fireworks are illegal: Bottle Rockets, Firecrackers of any size or type, Sky Rockets, Roman Candles, Chasers, and any ground items other than those identified as approved consumer fireworks. One of the approved consumer fireworks most often encountered is the Sparkler.

Don't be misled, Sparklers are extremely dangerous if not handled with extreme caution. The risks associated with Sparklers include flying sparks and the temperature at which a Sparkler burns (see the illustration on the right). These seemingly safe fireworks can cause third degree burns and eye injuries if not handled appropriately. As with any dangerous item, adult supervision is advised, and don't let children play with Sparklers while unattended or without guidance. Enjoy your summer celebrations and attend a professionally hosted fireworks show.

Keep your summer safe and legal, follow all manufacturers safety guidelines on consumer fireworks and don't use illegal fireworks.

Are SPARKLERS Really Safe?

| | | |
|-------------------------|----------|--|
| Sparklers Burn at up to | 1,800° F | |
| Aluminum Melts at | 1,200° F | |
| Cheese Melts at | 900° F | |
| Wood Burns at | 575° F | |
| Cakes Oven at | 350° F | |
| Matches Burn at | 325° F | |

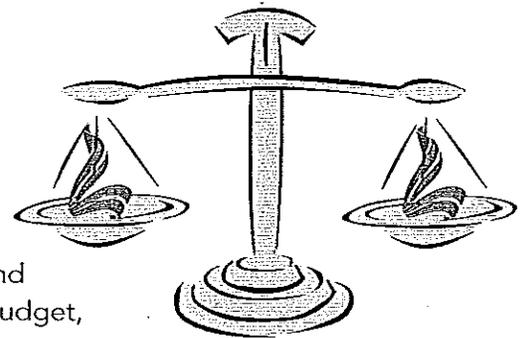

4th of July Fun

The Village of Libertyville and the Libertyville Mile of Cars Dealerships are thrilled to present the annual fireworks show beginning at dusk (approx. 9:30PM) at Butler Lake Park. The Libertyville Band will perform at 7:30pm at Butler Lake prior to the fireworks. Don't miss out on this celebration!

Village Approves New Budget

The Village of Libertyville operates on a May 1 to April 30 fiscal year, and recently approved a \$67.5 million Budget, which represents an ongoing commitment by the Mayor, Village Board, and Village Staff to provide quality services and programs in accordance with the Village mission statement while maintaining a fiscally responsible Budget.

The overall operating Budget is once again balanced, and includes an aggressive \$18 million Capital Improvement Plan. The Capital Improvement Plan, includes \$4.4 million in road improvements through the bond program approved by referendum, \$3.25 million in water and sewer infrastructure improvements and \$7 million to build the Church Street parking structure.

Village Seeking Volunteers

The Village Recreation Department is looking for Volunteers to assist in the operation of the Libertyville Senior Center. Open Monday through Friday from 9am-3pm, the Senior Center is located in the Civic Center on Church & Brainerd Streets in downtown Libertyville. The Senior Center offers programming and events for senior citizens. Volunteers are needed to assist Staff with some of the daily activities at the Senior Center, as well as the special programming. Must be 18+ years old. Contact **Julie Ludwig**, Recreation Department Manager, at (847)247-7651 or via email at jludwig@libertyville.com

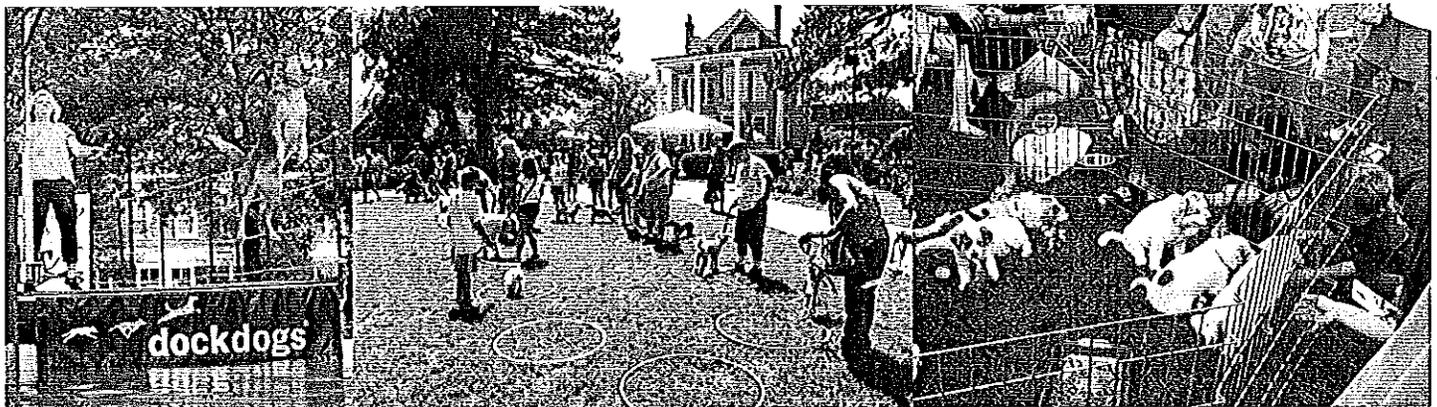

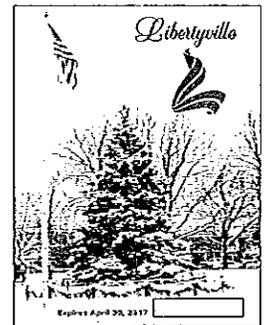

Annual Water Quality Report

To view the Annual Water Quality Report, please go to www.libertyville.com/2016CCR. This report contains important information about the source and quality of our drinking water. If you would like a paper copy mailed to your home, please call the Public Works Department at 847-362-3434.

Vehicle Stickers

It's that time of year to make sure you have your 2016 Vehicle sticker displayed in your vehicle's windshield. Stickers are required for all vehicles registered or housed in the Village. One hundred percent of the vehicle sticker revenue goes to repairing Village streets. Stickers may still be purchased at the Village Hall for \$50. The penalty for not having a vehicle sticker displayed is \$100.

8th Annual Dog Days of Summer

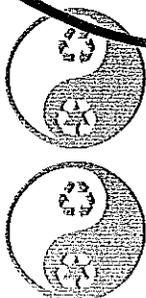

Thursday, July 7th is "Fun Jump Day" from Noon-4pm. Libertyville & local dogs can pay \$10 and have their dog jump for fun. Fifteen "Fun Jump Day" participants will be chosen for the "Local Dog Jumping Competition" held as part of the Opening Ceremonies Friday, July 8th at 6pm.

Libertyville's 8th Annual Dog Days of Summer is proud to feature the "DockDogs National Dog Jumping Competition." Watch as 100 nationally ranked jumping dogs run down a 40 foot dock and jump into a 27,000 gallon pool of water for longest distance. Wayne Messmer will be featured singing the National Anthem at the Opening Ceremonies Friday, July 8th at 6pm at Cook Park in Downtown Libertyville. Mayor Terry Wepler will then throw out the first ball to start the "Local Jumping Competition" where fifteen local dogs compete for the title of "Libertyville's Big Air Dog."

Dog Days of Summer is presented this year by The Village of Libertyville, produced by Bill Kaiser, and sponsored by Green Tree Animal Hospital, Sunset Foods, Petranek's Pharmacy, Veterinary Specialty Center, Pampered Pup'z, Tranel Financial Group and LEE Famous Donuts. For more information visit our facebook page  DogDaysLibertyville or call Bill Kaiser 847-612-1231.

Village opens Electronics Waste Recycling Collection Site

The Village of Libertyville will open an Electronics Waste Recycling Satellite Collection site at the Public Works Department, located at 600 North Ave. The site will be open on Saturday mornings from 8 AM to noon, starting Saturday, June 4 and running until Saturday, November 19, 2016. The collection site will be limited to Libertyville residents only, and will accept televisions, computers, monitors, printers, stereos, etc. (a list of acceptable and not acceptable items is available at www.libertyville.com). Residents will be responsible for unloading their own items at the collection site.

Location of outdoor Libertyville hockey rink uncertain

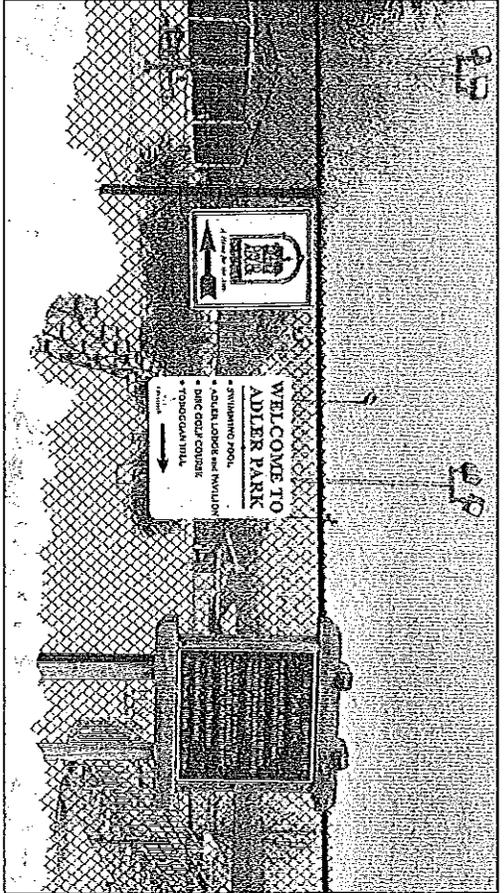

By Rick Kambic
Pioneer Press

After the results of a land survey, Libertyville officials say they're unsure about where to rebuild an outdoor hockey rink and are comparing potential locations at Adler Park and the Libertyville Sports Complex.

The rink was used for roller hockey during the warmer months and ice hockey in the winter until it was disassembled in January 2015 when Libertyville sold Bolander Park to a housing developer.

The parks and recreation committee met on June 7 and was surprised to learn about two four-foot slopes that would have to be dealt with at the proposed Adler Park location, according to Mayor Terry Weppler, who is a non-voting member of all committees.

"The grade where we

RICK KAMBIC/PIONEER PRESS

Libertyville officials are looking at rebuilding their outdoor hockey rink at Adler Park behind a water park and near the lodge.

want to put it has an eight-foot drop from one end to the other," Weppler said. "You don't want it buried eight feet on one end, nor do you want it elevated eight feet on the other end, so realistically we'd have a four-foot drop on one end and it standing up four feet on the other side."

Weppler said he believes

some illustrations to see what it would look like and no. 2, we're asking staff to see what it would take to put it at the sports complex," Weppler said. "Wherever it goes, it has to look nice and not be a hazard."

The committee was originally looking at a site in Butler Lake Park, but nearby residents came out in droves to oppose the project during a Jan. 5 meeting, which led the committee to research Adler Park. Major concerns revolved around loud noise, worsening traffic and a reduction of open space.

Meeting minutes show a few residents who live near Adler Park did the same during a May 3 parks and recreation committee meeting, before the land survey was finished.

In numerous meetings, Libertyville officials said they would rather not consider the Libertyville Sports Complex because it's not centrally located and would be difficult for teenagers without cars to access.

"That was the case before, but we've been unable to find a good spot in town," Weppler said. "The hockey people were at the meeting and they said the sports complex would be a viable location."

The other problem with the sports complex, according to Weppler, is the fact that unused portions are up for sale. If those areas sell, some of the parking lot would go as well, he continued.

As of now, the remaining open land that's not up for sale would be redeveloped into the needed parking, Weppler said.

DENYS BUCKSTEN/PIONEER PRESS

Members of American Legion Post 329 sit front and center at Libertyville's Memorial Day ceremonies at Cook Park.

Memorial Day in Libertyville

BY DENYS BUCKSTEN
Pioneer Press

A large crowd of people thronged Cook Park in downtown Libertyville, after a short parade down Milwaukee Avenue featuring veterans, public safety officials, American Legion

Post No. 329 members and Boy Scouts.

Libertyville High School junior Zach Pearson, winner of the VFW Voice of Democracy essay, spoke to the crowd about the value of courage for all Americans.

"It starts small: Helping a

neighbor, volunteering at a food pantry, offering a smile or hello to an awkward kid in class. Take a chance," Pearson said. "Be brave."

Find more Memorial Day photos and coverage online at libertyville-review.com.

The Employee Wellness Committee is pleased to announce a new addition to our Wellness Program.

Health Maintenance Institute, HMI, is a corporate wellness company that offers a variety of programs focusing on education, fitness, nutrition and screening. HMI's vast health resources include over 1,000 e-learning lessons and health information on thousands of topics. The Incentive Tracking Program allows you a chance to earn points and incentives! More details to come!

HATS OFF TO OUR GRADUATES!

Congratulations to the 2016 graduates of Village employees

Katie Bratton

(Daughter of Jean Bratton, Fire)
Graduated from Rasmussen College (Aurora) with an Associate's Degree in Early Childhood Education in May 2016

Taylor Johnson

(Daughter of Kelly Johnson, Administration)
Graduated from Loyola University with a Bachelor in Nursing

Brittany Chung

(Daughter of Fred Chung, Engineering)
Graduated from Libertyville High School
She will be attending the University of California -Davis this fall.

Matthew Kendzior

(Son of Paul Kendzior, Public Works)
Graduated from University of Illinois with a B.S. in Crop Science Plant Biotechnology

Dana Fabbri

(Daughter of Scott Fabbri, Police Department)
Graduated from Carmel Catholic High School
She be attending Marquette University this fall pursuing a degree in Physical Therapy.

Michael Klinkner

(Son of Joe Klinkner, W.W.T.P)
Graduated from Lake Park High School.
He will be attending College of DuPage in the fall.

Jaclyn Farm

(Daughter of Michele Farm, Finance)
Graduated from Grayslake Central High School
She will be attending Missouri Science & Technology in Rolla, MO

Melissa Luby

(Daughter of Don Luby, Public Works/Streets)
Graduated Olivet Nazarene University, Bourbonnais, IL with a degree in Communications & Journalism.

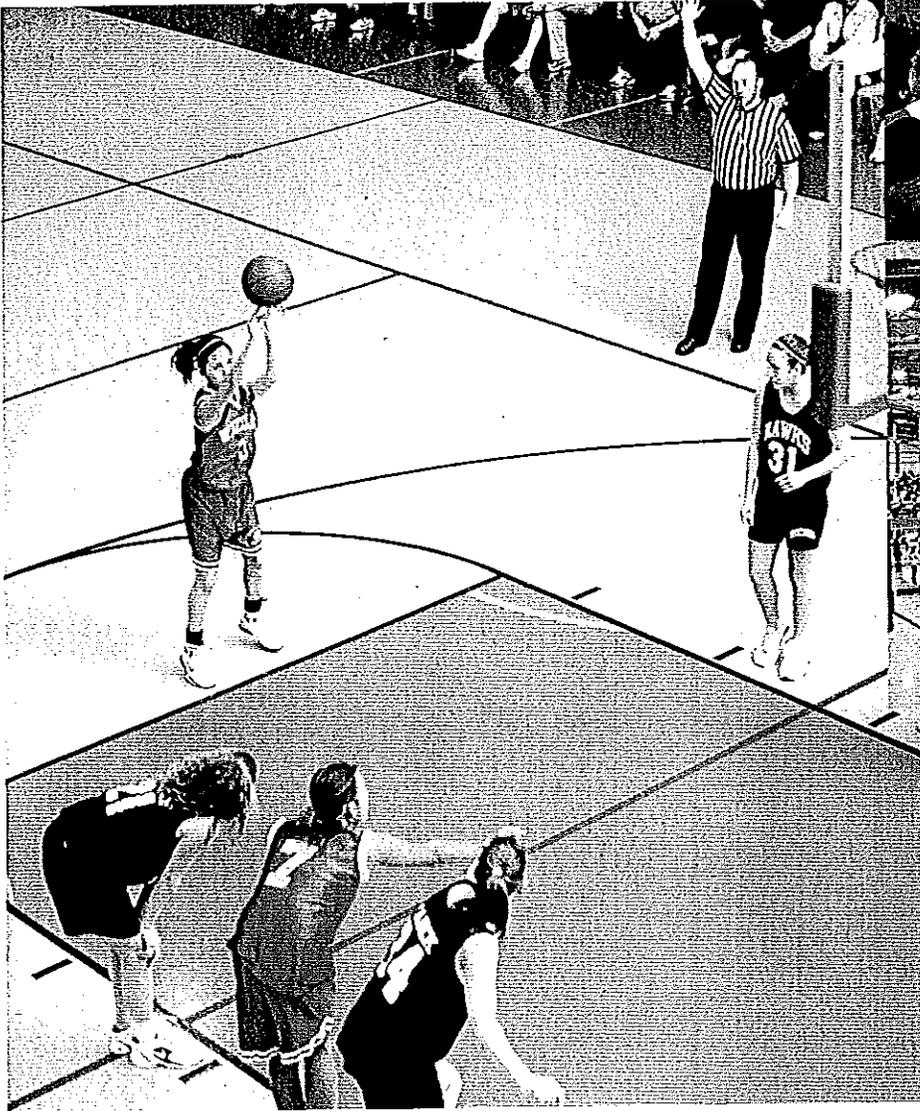

Lauren Goodrich

(Daughter of Jeff Goodrich, Public Works/Streets)
Graduated Liberty University with a degree in Elementary Education with an Emphasis in Science and a minor in psychology with a middle school endorsement

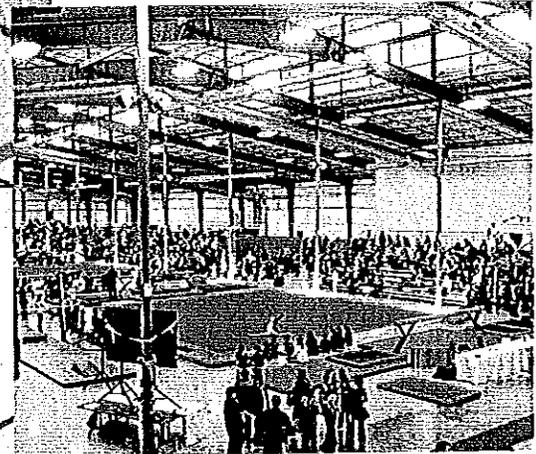

Kelsey Schweiger

(Daughter of Shannon Schweiger, Communications)
Graduated from Libertyville High School
She will be attending Purdue University this fall as a member of the Purdue Dance Team and pursuing a degree in Education.

ILLINOIS

Clockwise from left: Libertyville Sports Complex basketball tournament; Libertyville Sports Complex soccer tournament; Lake County Fairgrounds gymnastics competition.

“We kicked off our fifth-annual Six Flags Great America baseball/softball tournament series this May in conjunction with the opening of the theme park. This is a great story of the good things that happen when CVB/sports promotion people and Lake County event organizers get together to share ideas.”

—Rich Janor, President, Game Day USA

It's Easy to Play Hard

It's easy to enhance enjoyment and prominence of your next sporting event in Lake County—one of the Midwest's premier sports and recreational destinations.

There's a good reason we're called Lake County: We have the largest concentration of lakes in Illinois (75 at last count). And Lake Michigan—the world's fifth-largest lake—rolls up right to our doorstep. Just 30 miles north of Chicago, we offer an array of modern indoor and outdoor sports facilities for soccer, softball, baseball, basketball, ice hockey and many other sports. We're also home to 37 public golf courses and prime locations for outdoor competitions, from boating and fishing to bicycle races and triathlons. Plus, you'll also find world-class attractions, accommodations, shopping and entertainment, including Gurnee Mills Mall with over 200 stores, as well as Six Flags Great America and KeyLime Cove Indoor Water Park Resort. And exciting Chicago is just a short train ride away. Lake County is also the home of two state parks: Illinois Beach State Park (located on Lake Michigan) and Chain O'Lakes State Park.

QUICK FACTS

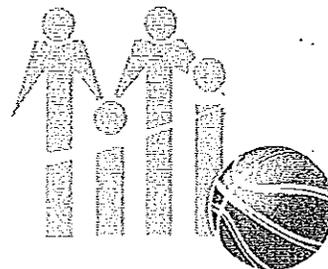

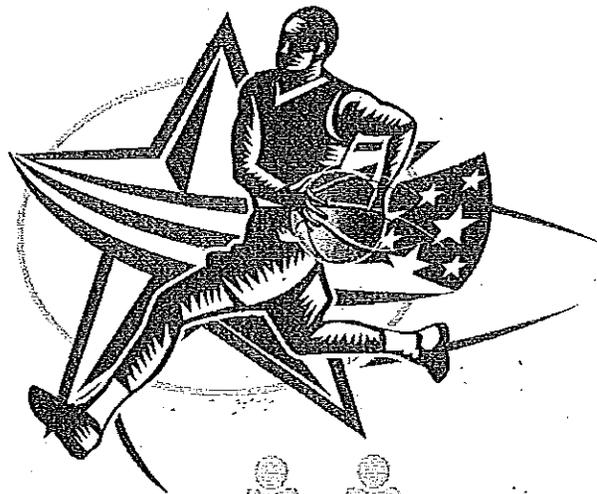

- Guest rooms: 8,500+
- Nearest airports: O'Hare International; Mitchell International
- Largest indoor facility: Libertyville Sports Complex
- Largest outdoor facility: Waukegan Sports Park

NEW AND COMING SOON

- Marriott Lincolnshire Resort will undergo a \$20 million renovation this fall.
- Lake County will welcome LPGA's UL International Crown this summer.
- Venue One, formerly Berto Practice Center for the Chicago Bulls, opened this spring with 85,000 square feet of event space.
