Assistive listening devices are available.*

**VILLAGE OF LIBERTYVILLE
BOARD OF TRUSTEES
BICYCLE ADVISORY COMMISSION**

Tuesday, March 12, 2019
6:00 p.m.
Village Hall

Minutes

Attendance

Commission: Chairperson Ken Glick, Commissioner Dave Sallmann, Commissioner Elliot Hillback, Commissioner Michelle Thompson
Village Board: Trustee Donna Johnson, Trustee Pete Garrity, Trustee Pat Carey
Village Staff: Public Works Management Analyst Patrick Hastings
Residents: Vince Amyot

Agenda

1. Call to Order

The meeting was called to order at 6:00 PM.

2. Minutes of the November 27, 2018 Bicycle Advisory Commission

Minutes of the November 27, 2018 meeting were approved as written. Due to a lack of quorum no official minutes were drafted of the January 22, 2019 meeting.

3. Set 2019 Community Bike Ride Date

Saturday, September 14, 2019 was proposed as the date for the next Community Bike Ride. This would place the event on the same weekend as previous years and does not conflict with events on the Village's Community Calendar or the local school district's calendars. Commission members wanted to look into the possibility of holding the event on a Sunday as it may not conflict with kid's extracurricular activities such as soccer. Staff will look into other possible dates for the event.

The Commission discussed other ways to get the word out about the Community Bike Ride. One thought was to partake in the Libertyville Days Parade. Possible activities to include in the parade activities are a bicycle decorating contest and handing fliers out about the Community Bike Ride. Another option was to partner with Mainstreet Libertyville and get word out with the Twilight Shuffle gear packets.

4. Bicycle Repair Station-Location Determination

Garner Cyclery offered to donate bicycle repair stations to be installed around the Village. Staff determined possible locations and asked the Commission to rank the desired install areas. The ranking consist of:

1. Downtown Metra Station
2. Butler Lake Parking Lot off Winchester Road
3. Adler Park/Des Plaines River Trail
4. Garfield Ave/Northshore Bike Trail

Staff will determine the site specific feasibility of installing at these locations and the cost of doing so. Information gathered will be provided at the next Bicycle Advisory Commission meeting.

5. Bicycle Friendly Community – August 8, 2019 Deadline

The next deadline to submit for the Bicycle Friendly Designation is August 8, 2019. The application process was led by an outgoing Commission member. Commission member Elliot Hillback will now lead the process. It was determined that since the previous submission gave feedback on how to increase chances for a Bicycle Friendly award, the Commission should work on accomplishing those tasks.

6. Other

Vincent Amyot brought up a grant opportunity that he had come across. Staff would look into what it entails and the possibility of obtaining the grant.

The meeting was adjourned at 7:00 PM.

Respectfully Submitted,

Patrick Hastings
Public Works Management Analyst

MAY 28, 2019 BICYCLE ADVISORY COMMISSION
AGENDA REPORT

3. 2019 Community Bike Ride Date and Possible Partnership with GO! Libertyville Kickoff

Saturday, September 14, 2019 would place the date of the ride on the same weekend as the previous year. Currently, there are no events on the Village's community calendar, District 128's school calendar, or District 70's school calendar. After proposing this date at the last meeting, Commission members desired to see if any Sunday's in September are open as well. All community calendars show a free date of Sunday, September 8, 2019 as a possible option.

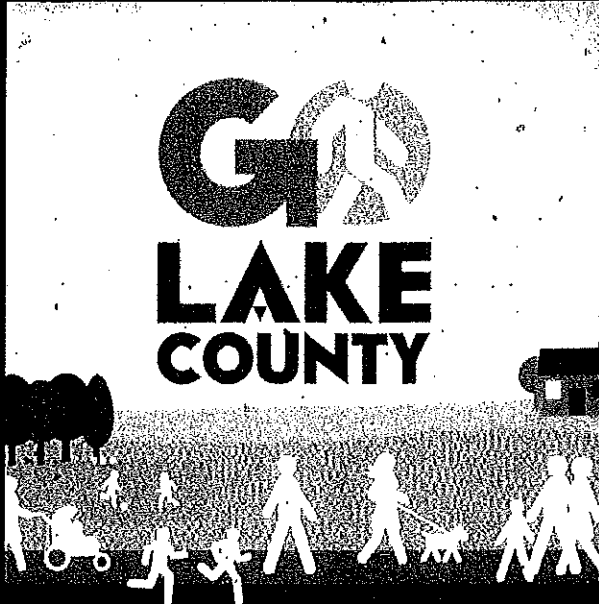

GO Lake County is a walking initiative that promotes healthy and active living through programming and events within Lake County. Over 20 communities have partnered to create Go programs. The Village would like to hold a kickoff community walk in conjunction with the Community Bike Ride. This would bring additional exposure to the event.

4. Bicycle Repair Station-Location Feasibility

The Commission has ranked possible locations for the installation of the bicycle repair stations. Staff will determine the feasibility of installing at these locations as well as what, if any, costs will be associated with the installation and maintenance of the stations.

5. Libertyville Days Parade Participation

The Commission desired to obtain a spot in the Libertyville Days Parade. Desired activities/coordination leading up to the event may be discussed.

57% of Lake County adults are overweight or obese.

"The simple act of walking has the power to transform your health, and it begins with a single step."

**Vivek H. Murthy
U.S. Surgeon General**

Aim for 30 minutes of walking per day.

Community Design

Design communities for safe and active living by making improvements to pedestrian sidewalks, crosswalks, and bicycle lanes. Use policies and best practices that involve the efforts of various stakeholders to change the physical environment to be more conducive for safe and active living.

Community-Wide Movement

Offer free or low cost community walking opportunities to change physical activity behavior through building, strengthening and maintaining social networks. Community partners can include cities, villages, townships, libraries, faith communities, hospital/health systems, and other community-based organizations.

Ways to Engage the Whole Community to Enhance and Increase the Shared Experience of Walking and Other Forms of Active Living

Business & Industry

Implement worksite wellness initiatives. Advocate for and invest in public recreational spaces, active transportation, and organizations that promote enhanced and increased physical activity.

Parks, Recreation, & Green Spaces

Provide public spaces for walking and other forms of active living by creating or enhancing trails, facilities, and green spaces. Engage with various community partners to increase utilization of available resources.

Educational Institutions

Promote and adopt policies that encourage safe walking and other forms of active living. Provide open access to green space and facilities for people to use outside regular hours of operation.

Rx for Health
