

CONSTRUCTION ADVISORY

2016 Pavement Rehabilitation

Lake St – Brainerd Avenue to Milwaukee Avenue

Today, the contractor will clean Lake Street, in preparation of the application of prime coat (oil). This oil is necessary to bond the new asphalt with the old pavement. The street will be closed temporarily to allow the oil to dry. The temporary closure will prevent pedestrians from tracking the oil into businesses and cars from splashing oil onto their tires.

Weather permitting, asphalt paving on Lake Street is scheduled to begin **tomorrow, Friday April 29. The second (final) layer of asphalt to be placed late next week.** Driveways adjacent to the paving operations may be temporarily inaccessible while the operations move past.

For any questions regarding the construction, please call the Engineering Division Office at (847) 918-2100, or Vincent Wroblewski (Resident Engineer with Christopher B. Burke Engineering, Ltd.) at (847) 417-4222 between 8:00 a.m. and 5:00 p.m. You can also email Vincent Wroblewski at vinny@cbbel.com.

For any problems which may develop after hours, please call the Police non-emergency number (847) 362-8310, and they will contact the proper personnel for follow-up. Thank you again for your cooperation. As always, your patience and cooperation throughout this process is greatly appreciated.

Sincerely,

Fred Chung
Senior Project Engineer
