INTRODUCTION

The primary purpose of this guide is to provide an overview of the Village's historic preservation review process. This guide is intended to help individuals gain a better understanding of the process and to help reduce any confusion individuals may have when applying for a Certificate of Appropriateness. A clear understanding of this process will help with the timely review of exterior design applications by the Village.

It should be noted that the information contained in this document is general in nature. This guide is not a substitute for any Village ordinances or related documents, but is intended to supplement their use. Always consult the appropriate Village ordinances for more detailed information.

WHAT TYPES OF EXTERIOR DESIGN ELEMENTS REQUIRE VILLAGE REVIEW?

There are a variety of proposals that require review of exterior design elements by the Village's Historic Preservation Commission (HPC). These proposals range in scope from a single sign or building addition, to new commercial or residential developments. Exterior design elements are reviewed by the HPC to address aesthetic-related issues.

The HPC reviews the following exterior design elements for development within the Village. Building elevations for new buildings and modifications to existing buildings, will be reviewed for color, material, and overall appearance. Demolitions of any structures located within an Historic District or structures that are Local Landmarks will be subject to review. Landscaping for both new projects and modifications to existing sites will be reviewed with respect to species, size, location, and quantity. Signage and lighting are also reviewed for location, size, and appearance.

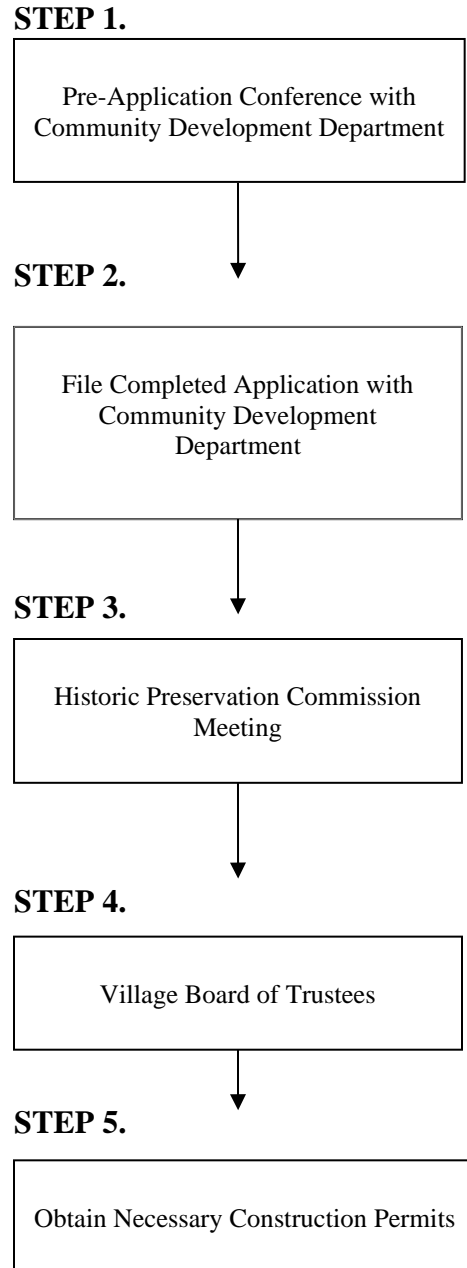

Since there is a wide range of exterior design elements that require varying degrees of review by the Village, it is extremely important to contact the Community Development Department before starting any exterior design activity in the Village. A short discussion with a representative of the Community Development Department can help to determine what reviews and administrative actions, if any, are necessary and may assist in the prevention of unnecessary delays and expense. Administrative actions, such as a special use permit or variation may be necessary for the proposal to comply with Village ordinances.

NOTE: Not all exterior design elements require review by the HPC. To determine if exterior design elements will require HPC review, contact the Community Development Department (847) 918-2028.

GENERAL OVERVIEW OF CERTIFICATE OF APPROPRIATENESS PROCESS

A general overview of the Certificate of Appropriateness Process is shown in Figure 1 (shown below). The flow chart provides an outline of the steps in the review process for most exterior design elements in the Village requiring review by the HPC. A detailed explanation of each step follows the flow chart.

Figure 1. Flow Chart of the Certificate of Appropriateness Process

STEP 1. Pre-Application Conference with the Community Development Department

The first step in the receiving a Certificate of Appropriateness is to schedule the Pre-Application Conference with the Community Development Department. The purpose of the Pre-Application Conference is to help the applicant understand Village requirements that apply to the exterior design feature, learn what administrative actions, if any, are necessary for approval, and outline the procedures and documentation required for filing an application with the Village. This conference also allows the Department Staff an opportunity to gain a better understanding of the proposal.

STEP 2. File Completed Application with the Community Development Department

The second step in the Certificate of Appropriateness review and approval process is to file a completed application and necessary documentation with the Department. *An application will be accepted by Staff only if the following requirements are met: all information is complete and accurate, all required drawings and documents are submitted with the correct number of sets (refer to Submittal Requirements, pp. 5 and 6), and the filing fee is paid.* When these requirements are met, the Department Staff will inform the applicant of the public meeting date and begin the administrative processing of the application.

STEP 3. Historic Preservation Commission Meeting

The third step in the Certificate of Appropriateness (CoA) review and approval process is the HPC meeting. The HPC conducts a public meeting to review certain exterior design proposals for compliance with Section 7-120 (Municipal Code) of the Village's Historic Preservation Design Guidelines. The HPC reviews exterior design elements for aesthetics only and makes a recommendation on the proposal, for approval, approval with conditions, or denial. This recommendation is then forwarded to the Village Board for consideration. Certain exterior design proposals may require additional Village approvals (i.e. administrative actions). Upon approval of an application, the Commission will direct the Planning Division to issue a CoA. The CoA will be valid for one (1) year from the date issued by the Commission. Issuance of a CoA does not imply the project meets other requirements of the Village of Libertyville.

STEP 4. Village Board of Trustees

The fourth step in the Certificate of Appropriateness review and approval process is the Village Board meeting. The Village Board of Trustees will act on the HPC recommendation in one of the following ways:

APPROVAL – The request is granted.

APPROVAL WITH CONDITIONS – The request is granted, but the applicant must meet certain conditions required by the Board.

DENIAL – The request is not granted.

STEP 5. Obtain Necessary Construction Permits

Once an applicant has received approval from the Historic Preservation Commission or Village Board, the applicant must then apply for all other necessary construction permits.

CONCLUSION

The Certificate of Appropriateness process for the Village of Libertyville doesn't have to be a puzzling experience for individuals unfamiliar with Village regulations. This guide is intended to provide a general, but clear overview of this process and to help individuals become familiar with the steps necessary during the review of an exterior design feature.

It is important to remember that this document is merely a guide and not a substitute for other Village codes and ordinances. For an accurate account of required procedures, consult the specific Village code or ordinance, or contact the Village Hall.

SUBMITTAL REQUIREMENTS

The following materials are the minimum required for filing and processing an exterior design application with the Village of Libertyville. Additional materials may be required by ordinance or by Village Staff. All exhibits required for the permanent file are noted and must be reduced to “legal size” (8.5" x 14") by folding, photo reduction, etc. However, larger mounting boards, material samples, or other exhibits not meeting these criteria may be used during the Commission presentation.

One (1) copy of:

1. Certificate of Appropriateness Application
 - Filled out completely with accurate information, signed and dated
2. Property Owner’s Authorization (if the applicant is not the property owner)
 - Filled out completely with accurate information, signed, dated, and notarized
3. Fee (See p. 8 for Fee Schedule)
4. Electronic File
 - An electronic file (email with PDF or flash drive) that includes all the required submittal information

Fourteen (14) copies of:

(All copies should be submitted in color where applicable.)

1. New Building Construction, Exterior Remodeling, and Additions:
 - a) Narrative. A narrative is required containing a description of the proposal.
 - b) Site Plan. A site plan is required containing the following information:
 - Scale and north arrow
 - Proposed ingress and egress to the site, including on-site parking area(s), parking stalls and adjacent streets. Delineate traffic flow with directional arrows.
 - Location of all existing (to remain) and proposed buildings on the site
 - c) Elevations. Complete elevations of all proposed construction and related elevations of existing structures (if any), are required containing the following information:
 - Scale
 - All signs to be mounted on the elevations
 - Type, color and texture of all primary materials to be used
2. Landscaping:
 - a) Narrative. A narrative is required containing a description of the proposal.
 - b) Site Plan. A site plan is required containing the following information:

- Scale and north arrow
- Proposed ingress and egress to the site, including on-site parking area(s), parking stalls and adjacent streets. Delineate traffic flow with directional arrows.
- Location of all existing (to remain) and proposed buildings on the site
- Calculations for determining the required number of trees to be placed within the proposed parking area, as well as the designation of required buffer screens (i.e. landscaping, fencing, etc.) between the parking area and adjacent property
- Existing landscaping to remain and proposed new landscaping shall be differentiated along with the type, size, number and spacing of all plantings

3. Signs:

- a) Narrative. A written narrative is required containing a description of the proposal.
- b) Free-standing Signs.
- A site plan is required containing the following information:
 - (a) Scale and north arrow;
 - (b) All property and street pavement lines;
 - (c) Location of existing and proposed landscaping;
 - (d) Location of all buildings on the site;
 - (e) Location and height of all existing (to remain) and proposed signs on the site, showing proposed setbacks for sign from property lines.
 - A scaled drawing of each face of the proposed free-standing sign is required showing the following information:
 - (a) All size specifications, including the size of letters and graphics;
 - (b) Description of sign and frame materials and colors.
- c) Wall Signs.
- An elevation drawn to scale of the entire wall of the building to which the sign is to be fixed, correctly locating the proposed sign(s)
 - A scaled drawing of each face of the proposed wall sign is required showing the following information:
 - (a) All size specifications, including the size of letters and graphics;
 - (b) Description of sign and frame materials and colors.
 - (c) Floor plan with scale and dimensions indicated.

4. Lighting:

- a) Narrative. A narrative is required containing a description of the proposal.
- b) Site Plan. A site plan is required containing the following information:
- Scale and north arrow
 - All property and street pavement lines
 - Location and height of all existing (to remain) and proposed buildings on the site

- Proposed ingress and egress to the site, including on-site parking area(s), parking stalls and adjacent streets. Delineate traffic flow with directional arrows.
 - Location of all existing (to remain) and proposed lighting standards, complete with photometric (foot-candle) diagram
- c) Lighting Standard Drawing. A scaled drawing of the proposed lighting standard(s) is required and should contain the following information:
- All size specifications, materials and colors
 - Information on lighting intensity (number of watts, photometric diagram, etc.)

HISTORIC PRESERVATION COMMISSION REGULAR MEETINGS

2024

The Historic Preservation Commission meets on the third Monday of each month at 5:00 p.m., at the Village Hall, 118 West Cook Avenue, Libertyville, Illinois 60048, on the following dates*:

Meeting Date	Submittal Date
January 15, 2024	January 5, 2024
February 19, 2024	February 2, 2024
March 18, 2024	March 1, 2024
April 15, 2024	April 5, 2024
May 20, 2024	May 10, 2024
June 17, 2024	June 7, 2024
July 15, 2024	July 5, 2024
August 19, 2024	August 9, 2024
September 16, 2024	September 6, 2024
October 21, 2024	October 11, 2024
November 18, 2024	October 25, 2024
December 16, 2024	December 6, 2024

BOARD OF TRUSTEES REGULAR MEETINGS

2024

JANUARY 9 and 23, 2024
FEBRUARY 13 and 27, 2024
MARCH 12 and 26, 2024
APRIL 9 and 23, 2024
MAY 14 and 28, 2024
JUNE 11 and 25, 2024

JULY 9 and 23, 2024
AUGUST 13 and 27, 2024
SEPTEMBER 10 and 24, 2024
OCTOBER 8 and 22, 2024
NOVEMBER 12 and 26, 2024
DECEMBER 10, 2024

Regular meetings of the Village Board of Trustees are held at the Village Hall, 118 West Cook Avenue, Libertyville, Illinois 60048 on the dates listed below*. Meetings begin at 8:00 p.m. or soon thereafter. Dates and times for special meetings and workshops, which may be held occasionally, are noticed in the newspaper before the date of the meeting.

**Dates and locations may be subject to change. Contact Village Hall to confirm meeting dates and locations.*

**2024 FEE SCHEDULE
DEVELOPMENT APPLICATIONS**

<u>DEVELOPMENT ACTION</u>	<u>FEE</u>
Signage, Rooftop Screening, Fencing	\$100.00
All Other Exterior Design Proposals	\$200.00
Exterior Design Proposals and Signage	\$300.00
