Village of Libertyville Approves a Proclamation Declaring the Village a Disaster Area for COVID-19 Response

Libertyville, IL- On Sunday, March 15, 2020 the Village Board held a special Board meeting to consider a proclamation declaring the Village a disaster area for COVID-19 response. The proclamation activates the Libertyville Emergency Operations Plan which includes protocols for staffing and emergency purchasing during a disaster. It also proclaims that a disaster exists within the Village, which will allow the Village to receive Federal and State funding if available, to assist with the response. The action also confirmed the closing of the Village Hall and Libertyville Sports Complex and other non-essential Village facilities to the public until further notice. Business is being conducted via drop-off onsite locations, mail or at the Police Station. Phones and e-mails continue to be answered during regular business hours. The Village will continue to monitor the COVID-19 situation and will post information related to the matter on the Village website and social media. The public is encouraged to sign-up for the Village's e-news for additional updates at www.libertyville.com/notifyme.
