INTRODUCTION

The primary purpose of this guide is to provide an overview of the development review process of the Village of Libertyville. This guide is intended to help individuals gain a better understanding of the process and to help reduce any confusion individuals may have when filing a development application with the Village. A clear understanding of this process will help with the timely processing of development applications by the Village.

It is important to note that the information contained in this document is general in nature. This guide is not a substitute for any Village Ordinances or related documents, but is intended to supplement their use. Always consult the appropriate Village Ordinances for more detailed information.

WHAT TYPES OF DEVELOPMENT PROPOSALS REQUIRE VILLAGE REVIEW?

There are a variety of development proposals that require review by the Village. These proposals range in scope from smaller-scale developments such as a fence or room addition, to larger-scale developments such as a 50-acre residential or industrial subdivision. Development proposals are reviewed by the Village to insure compliance with adopted codes and ordinances, which are in place to protect the public health, safety and welfare. The degree of review by the Village will vary depending on how the proposal meets requirements of Libertyville's codes and ordinances.

Under an ideal scenario, a development proposal in complete compliance with applicable Village codes such as the Zoning Ordinance and Building Code, will require a Zoning Certificate of Compliance and building permit before construction. A Zoning Certificate is issued by the Planning Division and a building permit is issued by the Building Division after the review and approval of construction plans. However, all development proposals will not fall into this ideal scenario. Administrative actions, such as a map amendment, special use permit or variation may be necessary for the development to comply with Village ordinances. These administrative actions require review and approval by the Village Board before issuance of a Zoning Certificate and building permit and will demand additional time to ensure a thorough review.

Since there can be a wide range of development proposals that require varying degrees of review by the Village, it is extremely important to contact the Community Development Department before starting any development activity in the Village. A short discussion with a representative of the Community Development Department can help to determine what actions and reviews are necessary. This may assist in the prevention of unnecessary delays and expense.

HOW LONG DOES IT TAKE FOR VILLAGE REVIEW OF A DEVELOPMENT PROPOSAL?

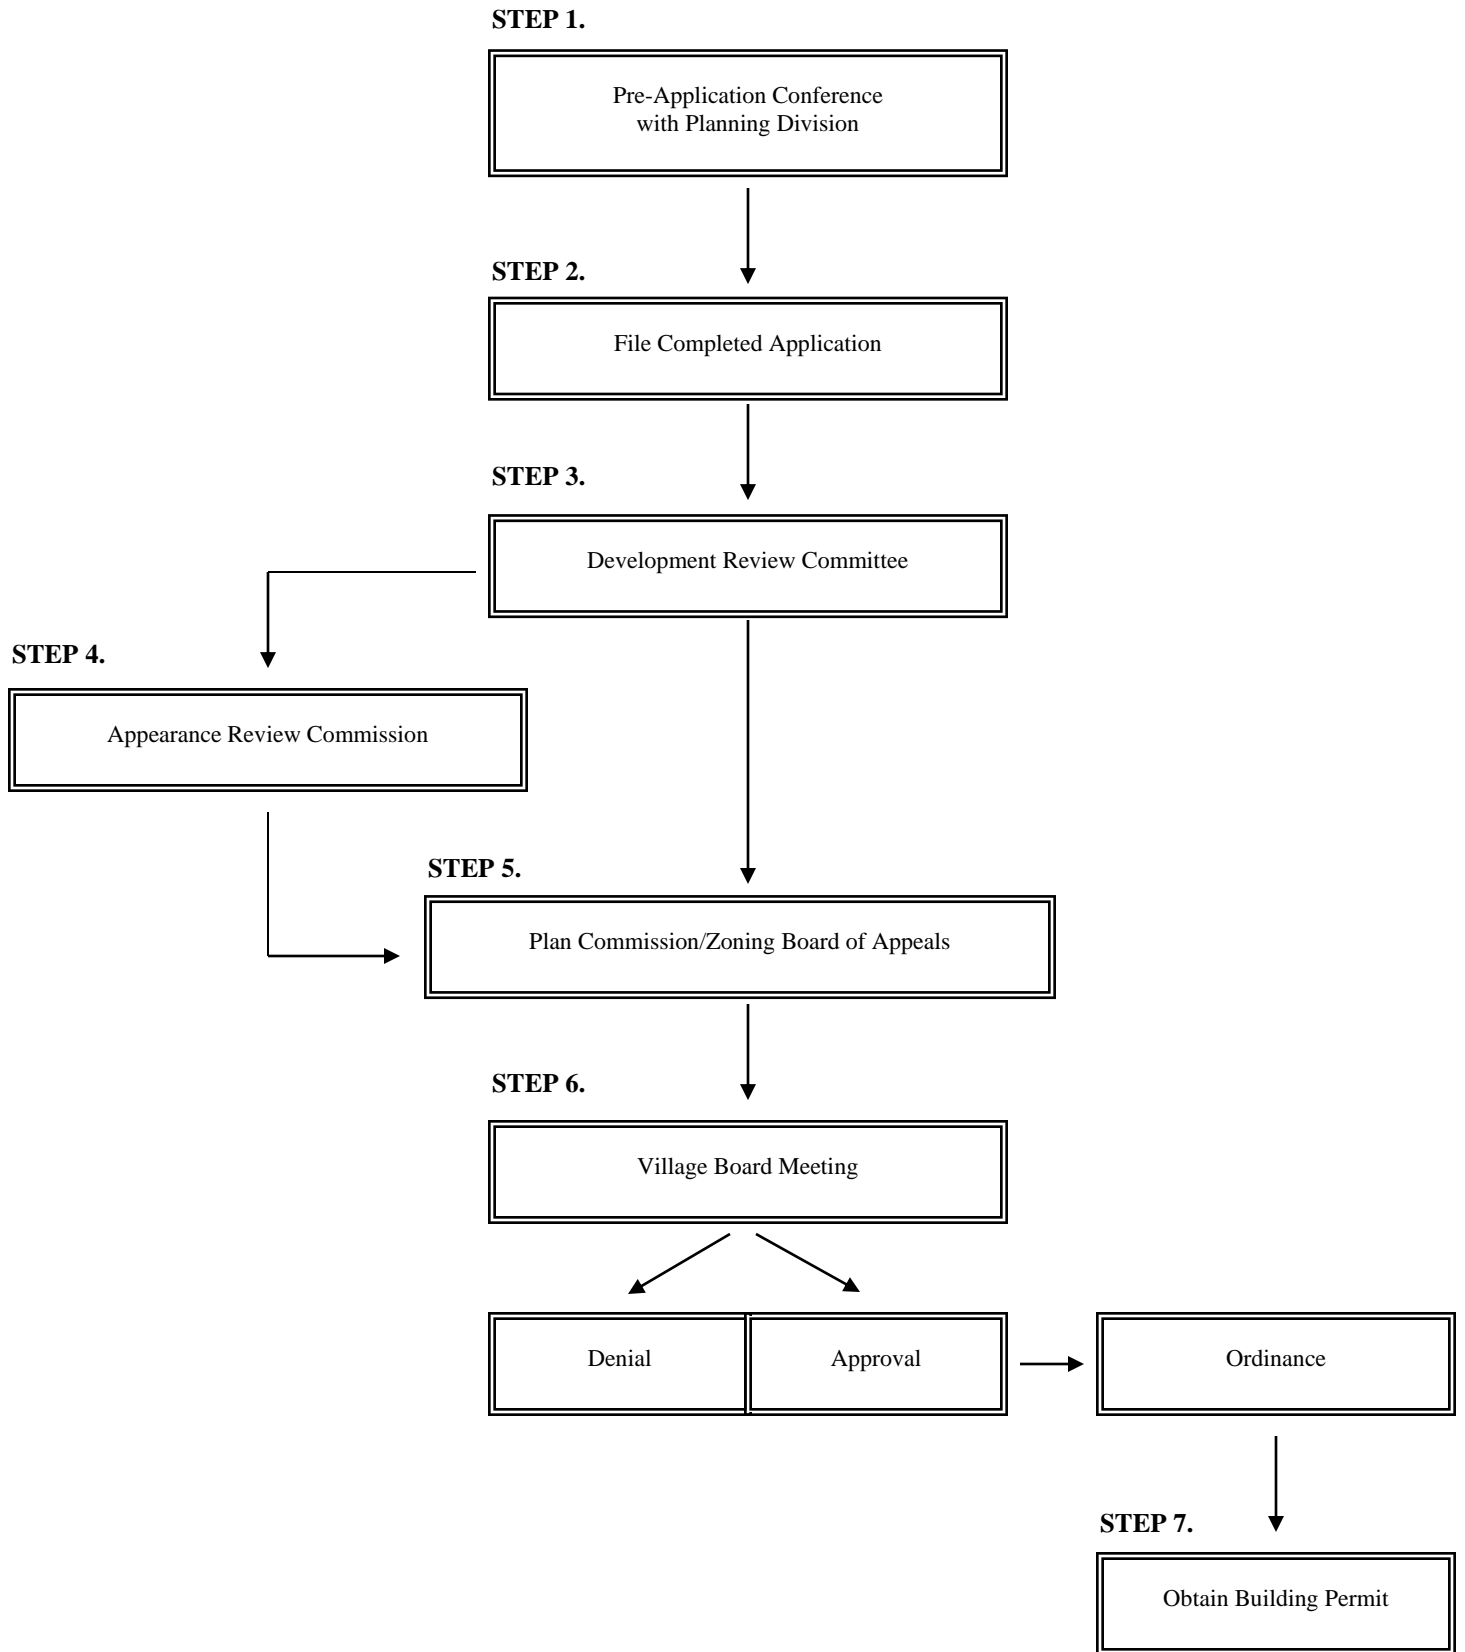

The amount of time required for Village review of a development proposal depends on the proposal. If all that is needed is a building permit, the review of plans and issuance of the permit may take only a few days. Administrative actions such as an annexation, map amendment or variation, which require Village Board review and approval, can take a few months or longer.

Since there are varying degrees of review, it is best to contact the Community Development Department to gain an accurate estimate of the time needed for review of a development proposal.

GENERAL OVERVIEW OF DEVELOPMENT REVIEW AND APPROVAL PROCESS

A general overview of the Development Review Process is shown in Figure 1 (Page 3). The flow chart provides an outline of the major steps in the review process for most development proposals in the Village requiring administrative actions. A detailed explanation of each step follows the flow chart.

Figure 1. Flow Chart of the Development Review Process

STEP 1. Pre-Application Conference with the Community Development Department.

The first step in the development review and approval process is to schedule the Pre-Application Conference with the Community Development Department. The purpose of the Pre-Application Conference is to help the applicant understand Village requirements that apply to the development proposal, learn what administrative actions, if any, are necessary for approval, and outline the procedures and documentation required for filing an application with the Village. This conference also allows the Department Staff an opportunity to gain a better understanding of the proposal and make a determination about the likelihood of approval of the development proposal.

STEP 2. File Completed Application with the Community Development Department.

The second step in the development review and approval process is to file a completed application and necessary documentation with the Department. The Staff will accept an application **only if the following requirements are met:** all information is complete and accurate, all required drawings and documents are submitted with the correct number of sets (refer to Submittal Requirements), and the filing fee is paid. When these requirements are met, the Department Staff will inform the applicant of the public hearing date and begin the administrative processing of the application.

STEP 3. Development Review Committee Meeting.

The third step in the development review and approval process is the Development Review Committee Meeting. The Development Review Committee (DRC) is made up of staff members from various Village departments including Administration, Community Development, Fire, Parks, Police, and Public Works. The DRC meeting gives committee members the opportunity to review and comment on development proposals and formulate a recommendation. The comments and recommendations from this meeting are drafted into a staff report that is forwarded to the Plan Commission and/or Zoning Board of Appeals for their consideration.

STEP 4. Appearance Review Commission Meeting.

The fourth step in the development review and approval process is the Appearance Review Commission Meeting. The Appearance Review Commission (ARC) reviews certain development proposals for compliance with the Village's Appearance Review Code. The Appearance Review Commission makes recommendations to the Plan Commission/Zoning Board of Appeals on Special Uses, Site Plan Permits, and commercial/industrial/office variations. **If you are in an Historic District, refer to the Certificate of Appropriateness Guide for additional required exhibits and materials.**

NOTE: Not all development proposals require review by the ARC. The Community Development Department Staff will determine whether ARC review is necessary.

STEP 5. Plan Commission or Zoning Board of Appeals Meeting.

The fifth step in the development review and approval process is the regular meeting of the Plan Commission or Zoning Board of Appeals. The Plan Commission and Zoning Board of Appeals both consist of seven members who are appointed by the Village President and confirmed by the Board of Trustees. The type of administrative action requested (variation, rezoning, special use, etc.) will determine which Commission/Board conducts the meeting.

At the regular meeting, the applicant is allowed to make a brief presentation of the development proposal. The respective Commission/ Board members will comment and ask questions about the proposal and will receive comment from the public. After all testimony, the Commission/ Board will make a recommendation on the proposal, for approval, approval with conditions or denial. This recommendation is forwarded to the Village Board for consideration.

STEP 6. Village Board Meeting.

The sixth step in the development review and approval process is the Village Board Meeting. The Village Board of Trustees is a seven-member elected board which has the final authority for development applications requiring administrative actions.

Generally, the Board will act on a development application in one of the following ways:

APPROVAL - The request is granted.

APPROVAL WITH CONDITIONS - The request is granted, but the applicant must meet certain conditions required by the Board.

DENIAL - The request is not granted.

Development applications require the drafting of an ordinance or resolution once they are approved by the Village Board. Only when the ordinance is approved by the Board and in receipt of the necessary signatures does the action become official.

STEP 7. Obtain Zoning Certificate and Building Permit.

The seventh and final step in the development review and approval process is to obtain the necessary Zoning Certificate and building permits. Zoning Certificates are obtained from the Planning Division and building permits can be obtained from the Building Division after the review and approval of construction documents. Only after the issuance of a building permit can construction begin.

CONCLUSION

The development review process for the Village of Libertyville doesn't have to be a puzzling experience for individuals unfamiliar with Village regulations. This guide is intended to provide a general but clear overview of this process and to help individuals become familiar with the steps necessary during the review of a development proposal.

It is important to remember that this document is merely a guide and not a substitute for other Village codes and ordinances. For an accurate account of required procedures, consult the specific Village code or ordinance, or contact the Village Hall.

APPENDIX

SUBMITTAL REQUIREMENTS

The following materials are required for the filing and processing of a development application with the Village of Libertyville. Additional materials may be required by Ordinance or by Village Staff.

One (1) copy of:

1. Land Use Application
 - Filled out completely with accurate information, signed and dated
2. Proof of Ownership
 - Copy of schedule A & B Title Policy; or
 - Certification of ownership by an attorney
3. Property Owner's Authorization
 - Filled out completely with accurate information, signed, dated, and notarized
4. Property Owner's Authorization for Posting of Public Hearing Sign
 - Filled out completely with accurate information, signed and dated
5. Fee (See A-10 for Fee Schedule)

Three (3) originals of:

1. Reimbursement of Fees Agreement (See A-10 for Fee Schedule)
 - Filled out completely with accurate information, signed and dated

Thirty-five (35) copies (11 full size and 24 reduced) of:

1. Narrative
 - Detailed description of proposal
 - Standards to be addressed
2. Plat of Survey (one original)
 - Date, scale and north arrow provided
 - Existing physical improvements with dimensions indicated
 - Sealed by Registered Professional Engineer or Surveyor
3. Site Plan of Proposal (one original)
 - Date, scale and north arrow provided
 - Proposed ingress and egress to the site, including on-site parking area(s), parking stalls and adjacent streets. Delineate traffic flow with directional arrows
 - Location of all existing (to remain) and proposed buildings on the site
4. Elevations of proposed structure(s), building addition, improvement, etc. with dimensions indicated

- Scale
 - All signs to be mounted on the elevations
 - Type, color and texture of all primary materials to be used
5. Preliminary Engineering Plan for any development that requires a Site Plan Permit
 - Date, scale and north arrow provided
 6. Tree Survey by a Certified Arborist, as requested by Staff.
 - Date, scale and north arrow provided
 7. Landscape Plan
 - a) Narrative. A narrative is required containing a description of the proposal.
 - b) Site Plan. A site plan is required containing the following information:
 - Scale and north arrow
 - Proposed ingress and egress to the site, including on-site parking area(s), parking stalls and adjacent streets. Delineate traffic flow with directional arrows
 - Location of all existing (to remain) and proposed buildings on the site
 - Calculations for determining the required number of trees to be placed within the proposed parking area, as well as the designation of required buffer screens (i.e. landscaping, fencing, etc.) between the parking area and adjacent property
 - Existing landscaping to remain and proposed new landscaping shall be differentiated along with the type, size, number and spacing of all plantings
 8. Lighting
 - a) Narrative. A narrative is required containing a description of the proposal.
 - b) Site Plan. A site plan is required containing the following information:
 - Scale and north arrow
 - All property and street pavement lines
 - Location and height of all existing (to remain) and proposed buildings on the site
 - Proposed ingress and egress to the site, including on-site parking area(s), parking stalls and adjacent streets. Delineate traffic flow with directional arrows
 - Location of all existing (to remain) and proposed lighting standards, complete with photometric (foot-candle) diagram
 - c) Lighting Standard Drawing. A scaled drawing of the proposed lighting standard(s) is required and should contain the following information:
 - All size specifications, materials and colors
 - Information on lighting intensity (number of watts, photometric diagram, etc.)

- Photometric lighting plan shall include footcandle illuminations to all property lines
9. Traffic Study
 10. Fiscal Impact Analysis
 11. Signs
 - a) Narrative. A narrative is required containing a description of the proposal.
 - b) Free-standing Signs.
 - A site plan is required containing the following information:
 - (a) Scale and north arrow;
 - (b) All property and street pavement lines;
 - (c) Location of existing and proposed landscaping;
 - (d) Location of all buildings on the site;
 - (e) Location and height of all existing (to remain) and proposed signs on the site, showing proposed setbacks for sign from property lines.
 - A scaled drawing of each face of the proposed free-standing sign is required showing the following information:
 - (a) All size specifications, including the size of letters and graphics;
 - (b) Description of sign and frame materials and colors.
 - c) Wall Signs.
 - An elevation drawn to scale of the entire wall of the building to which the sign is to be fixed, correctly locating the proposed sign(s).
 - A scaled drawing of each face of the proposed wall sign is required showing the following information:
 - (a) All size specifications, including the size of letters and graphics;
 - (b) Description of sign and frame materials and colors.
 12. Aerial Photograph of Site and Surrounding Area
 - Aerial photograph shall include adjacent surrounding properties
 - Subject parcel highlighted
 13. Environmental Site Assessment to extent needed per direction from Village
 14. Provide a PDF copy of all submittal materials on a CD, flash drive, or other electronic file storage device

Applicants may submit any additional material which they deem necessary to convey their request. **All materials must be submitted in collated sets folded to a size of 8.5" x 11" or as near as possible, and include the filing fee at the time of filing, in order to be accepted.**

**All Subdivision and Engineering drawings are to be 24"x 36".*

NOTIFICATION REQUIREMENTS

In order to advise adjacent property owners and the general public of development proposals in the Village, certain notification requirements are mandated by State Statute and Village Ordinance. Notification is required by three (3) separate means: publication in a newspaper, written notice to all property owners within 250 feet of the proposed development, and the posting of a sign. Please refer to Village of Libertyville Ordinance 85-O-26 for a detailed description of notification requirements.

The following information is an excerpt of Section II of Ordinance 85-O-26. This information explains the notification requirements that must be completed when requesting a public hearing for a development action within the Village:

1. **Publication in a Newspaper** of general circulation within the Village not less than fifteen (15) days and not more than thirty (30) days before the public hearing date. **Publication in the newspaper is handled by the Community Development Department. In the event the applicant does not provide proper public notice as outlined below, the applicant shall be responsible for any subsequent costs associated with newspaper publication, and will be billed accordingly by the Village of Libertyville.**
2. **Serve Written Notice, by Registered or Certified Mail, Return Receipt Requested,** to the owners, as they appear on the last available tax records of the County of Lake (NOTE: If the owner is a bank or similar financial institution, please include the Trust Number), of all property within 250 feet in each direction of the parcel in question; provided the number of feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement (see example map on page A-4). Such notice shall contain the legal description and street address of the parcel in question, the date, time and place of the hearing, the existing zoning and a brief description of the request, and the address and telephone number where copies of the application may be reviewed (see example on page A-3). This information shall be mailed to the property owners not more than thirty (30) days, nor less than fifteen (15) days before the date of the public hearing.
3. **Post a Sign on the Parcel,** not more than thirty (30) days, nor less than fifteen (15) days prior to the public hearing date, indicating that the parcel is subject to a public hearing. Such sign shall remain posted on the parcel and viewable from the abutting street located within a public right-of-way until the request, and any continuances thereof, is concluded. **For single zoning lots of record containing single family detached dwellings, the posting of a sign(s) is handled by the Community Development Department.** For all other properties, the applicant shall be responsible for the posting of the public notice sign in number, size, and format as directed by the Director of the Community Development Department.

At least **ten (10) days** prior to the date of public hearing, the applicant must provide the Director of Community Development with a completed **PROOF OF SERVICE OF NOTICE** (see page A-7 or A-8). The following information shall accompany a completed Proof of Service of Notice:

- a. **Registered or certified mail receipts (white copy) and a list of the owners of record,** evidencing compliance with requirement to serve written notice (Item 2. above).
- b. **One copy of the written notice** (Item 2. above), evidencing compliance with requirement of content of written notice.

The Director of Community Development shall make available all necessary information and forms to assist with compliance of the provisions of Ordinance 85-O-26.

(NAME OF PROPERTY OWNER WITHIN 250 FEET)
(PROPERTY ADDRESS)
(TAX IDENTIFICATION NUMBER (P.I.N. #))

RE: (PROJECT NAME OR REQUEST)
(PROJECT ADDRESS)

VIA: Certified Mail/Return Receipt Requested

Dear **(NAME OF PROPERTY OWNER WITHIN 250 FEET)**:

Please take notice, that **(NAME OF APPLICANT(S), OWNER(S) OR AUTHORIZED AGENT)**, has made application to the Village of Libertyville for a **(REQUESTED ACTION(S))** for the property commonly known as **(STREET ADDRESS)**.

(INSERT LEGAL DESCRIPTION)

The applicant is requesting approval of **(REQUESTED ACTION(S))**, pursuant to Chapter 26 of the Libertyville Municipal Code, as amended. The request, if approved, would allow the applicant to **(BRIEF DESCRIPTION OF PROJECT)**. The property is currently zoned **(CURRENT ZONING CLASSIFICATION)**.

A public hearing will be held on **(DATE OF HEARING)** at 7:00 p.m., at the Village Hall, 118 West Cook Avenue, Libertyville, Illinois 60048.

Any questions or requests for additional information regarding this application can be directed to **(NAME OF APPLICANT(S), OWNER(S) OR AUTHORIZED AGENT(S))**, at **(TELEPHONE NUMBER)** or by contacting the Community Development Department, Planning Division, 200 East Cook Avenue, Libertyville, Illinois 60048, (847) 918-2028.

This notice is being sent to you by the applicant, in compliance with Ordinance 85-O-26, Notice of Public Hearing.

Thank You.

Sincerely,

(NAME OF APPLICANT(S), OWNER(S) OR AUTHORIZED AGENT(S))
