Please send a swim suit and towel everyday and on swimming days, send to camp already in swim suit. Thanks !

Please label everything

WEEK 1 WRAP UP

Set Sail for Summer at ADC week was filled with fun! We started off our week with Anti-Bullying talks, focusing on being a buddy, not a bully. Everyone had a great time making boats and new friends. Campers represented their schools on Wednesday with wearing spirit wear from the school they attend. Thursday brought a little rain, but that didn't stop the fun! Magician Steve came to entertain us with some pretty awesome magic tricks. Campers had the opportunity to participate in the show and learned some magician secrets along the way. Then we watched an all camp movie, Alvin and Chipmunks Road Chip. Friday was packed with end of the week excitement when counselors got the in the river to set sail to all the boats. Many of them were constructed so well they floated all the way down the river! Campers went slipping and sliding down our giant water slide being sure to keep cool on this hot day and Mr. Mark cooked us up some yummy hot dogs and hamburgers for lunch. Thanks Mr. Mark! Everyone had a great first week and made new friends!
