## CONSTRUCTION ADVISORY

Dear Libertyville Resident:

The Village of Libertyville recently signed a contract with Mauro Sewer Construction, Inc of Des Plaines to perform water main replacement along Mullady Pkwy and Winners Cr. Work is expected to begin on or about Monday, August 23 and should be complete in 4-6 weeks. Our firm, Gewalt Hamilton Associates (GHA), has also been contracted by the Village to provide construction oversight for the duration of the project. The work will include installation of new water main, control valves, fire hydrants, pavement repair and replacement, landscape restoration and other miscellaneous improvements. New water services will also be installed and connected to each property. Some disruption, noise and traffic delays in addition to periodic water service interruptions to some locations can be expected and are unavoidable. The Village, GHA and our contractor are committed to minimizing disruptions to the extent possible. ROAD CLOSED – LOCAL TRAFFIC ONLY signs will be placed at each end of Mullady in addition to barricades and/or traffic cones as necessary. Please use caution when traveling near construction activities.

Included with this letter is also a lead information notice that the Illinois Environmental Protection Agency requires we include with all water main improvement projects.

If you have questions about this work, please feel free to contact **Chuck Bodden, Resident Engineer** with Gewalt Hamilton Associates, at **847-344-4501** or via email at [cbodden@gha-engineers.com](mailto:cbodden@gha-engineers.com). You may also contact the Public Works Department, Engineering Division at (847) 918-2100 during standard office hours.

Sincerely,

Chuck Bodden  
Senior Engineering Technician  
Gewalt Hamilton Associates, Inc
